Competency Recording Sheet	37

Competency Based Assessment (CBA) – An Introduction for Assessors

Assessment is the process of identifying a participant's current knowledge, skills and attitudes sets against all elements of competency within a unit of competency.

Suggested Assessment Methods

For each unit of competency a number of assessment tools have been identified including:

- Work Projects
- Oral Questions
- Written Questions
- Third Party Statements
- Observation Checklists.

Instructions and Evidence Recording Sheets have been identified in this Assessment Manual for use by Assessors.

Alternative Assessment Methods

Whilst the above mentioned assessment methods are suggested assessment methods, the assessor may use an alternate method of assessment taking into account:

- a) The nature of the unit
- b) The strengths of participants
- c) The number of participants in the class
- d) Time required to complete assessments
- e) Time dedicated to assessment
- f) Equipment and resources required.

Alternate assessment methods include:

- Practical demonstrations
- Practical demonstrations in simulated work conditions
- Problem solving
- Portfolios of evidence
- Critical incident reports
- Journals
- Oral presentations
- Interviews
- Videos
- Visuals/slides/audiotapes
- Case Studies
- Log books

- Projects and Role plays
- Group projects
- Recognition of Prior Learning.

Whilst there is no specific instruction or evidence collection documents for all the alternative assessment methods, assessors can record competency in the 'Other' section within the 'Competency Recording Sheet'.

Selection of Assessment Methods

Each assessor will determine the combination of Assessment Methods to be used to determine Competency for each Competency Unit on a student by student basis.

'Sufficient' evidence to support the 'Pass Competent'/'Not Yet Competent' decision must be captured.

In practice this means a minimum of 2 – 3 Assessment Methods for each candidate for each Competency Element is suggested.

At least one method should provide evidence of practical demonstration of competence.

The following assessment methods deemed to provide evidence of practical demonstration of competence include:

- Practical Work Projects
- Third Party Statement
- Observation Checklist.

Assessing Competency

Competency based assessment does not award grades, but simply identifies if the participant has the knowledge, skills and attitudes to undertake the required task to the specified standard.

Therefore, when assessing competency, an assessor has two possible results that can be awarded:

- 'Pass Competent' (PC)
- 'Not Yet Competent' (NYC).

Pass Competent (PC)

If the participant is able to successfully answer or demonstrate what is required, to the expected standards of the performance criteria, they will be deemed as 'Pass Competent' (PC).

The assessor will award a 'Pass Competent' (PC) if they feel the participant has the necessary knowledge, skills and attitudes in all assessment tasks for a unit.

Not Yet Competent' (NYC)

If the participant is unable to answer or demonstrate competency to the desired standard, they will be deemed to be 'Not Yet Competent' (NYC).

This does not mean the participant will need to complete all the assessment tasks again. The focus will be on the specific assessment tasks that were not performed to the expected standards.

The participant may be required to:

- a) Undertake further training or instruction
- b) Undertake the assessment task again until they are deemed to be 'Pass Competent'.

Regional Qualifications Framework and Skills Recognition System

The 'Regional Qualifications Framework and Skills Recognition System', also known as the 'RQFSRS' is the overriding educational framework for the ASEAN region.

The purpose of this framework is to provide:

- A standardised teaching and assessment framework
- Mutual recognition of participant achievement across the ASEAN region. This includes achievement in individual Units of Competency or qualifications as a whole.

The role of the 'RQFSRS' is to provide, ensure and maintain 'quality assurance' across all countries and educational providers across the ASEAN region.

Recognition of Prior Learning (RPL)

Recognition of Prior Learning is the process that gives current industry professionals who do not have a formal qualification, the opportunity to benchmark their extensive skills and experience against the standards set out in each unit of competency/subject.

This process is a learning and assessment pathway which encompasses:

- Recognition of Current Competencies (RCC)
- Skills auditing
- Gap analysis and training
- Credit transfer.

Code of Practice for Assessors

This Code of Practice provides:

- Assessors with direction on the standard of practice expected of them
- Candidates with assurance of the standards of practice expected of assessors
- Employers with assurance of the standards maintained in the conduct of assessment.

The Code detailed below is based on the International Code of Ethics and Practice (The National Council for Measurement in Education [NCME]):

- The differing needs and requirements of the person being assessed, the local enterprise and/or industry are identified and handled with sensitivity
- Potential forms of conflict of interest in the assessment process and/or outcomes are identified and appropriate referrals are made, if necessary
- All forms of harassment are avoided throughout the planning, conducting, reviewing and reporting of the assessment outcomes
- The rights of the candidate are protected during and after the assessment
- Personal and interpersonal factors that are not relevant to the assessment of competency must not influence the assessment outcomes
- The candidate is made aware of rights and process of appeal

- Evidence that is gathered during the assessment is verified for validity, reliability, authenticity, sufficiency and currency
- Assessment decisions are based on available evidence that can be produced and verified by another assessor
- Assessments are conducted within the boundaries of the assessment system policies and procedures
- Formal agreement is obtained from both the candidate and the assessor that the assessment was carried out in accordance with agreed procedures
- The candidate is informed of all assessment reporting processes prior to the assessment
- The candidate is informed of all known potential consequences of decisions arising from an assessment, prior to the assessment
- Confidentiality is maintained regarding assessment results
- The assessment results are used consistently with the purposes explained to the candidate
- Opportunities are created for technical assistance in planning, conducting and reviewing assessment procedures and outcomes.

Instructions and Checklist for Assessors

Instructions

General instructions for the assessment:

- Assessment should be conducted at a scheduled time that has been notified to the candidate
- Facilitators must ensure participants are made aware of the need to complete assessments and attend assessment sessions
- If a participant is unable to attend a scheduled session, they must make arrangements with the Assessor to undertake the assessment at an alternative time
- At the end of the assessment the Assessor must give feedback and advise the participant on their PC/NYC status
- Complete the relevant documentation and submit to the appropriate department.

Preparation

- Gain familiarity with the Unit of Competency, Elements of Competency and the Performance Criteria expected
- Study details assessment documentation and requirements
- Brief candidate regarding all assessment criteria and requirements.

Briefing checklist

- Begin the assessment by implementing the following checklist and then invite the candidate to proceed with assessment.

Checklist for Assessors

	Tick (✓)	Remarks
Prior to the assessment I have:		
Ensured the candidate is informed about the venue and schedule of assessment.		
Received current copies of the performance criteria to be assessed, assessment plan, evidence gathering plan, assessment checklist, appeal form and the company's standard operating procedures (SOP).		
Reviewed the performance criteria and evidence plan to ensure I clearly understood the instructions and the requirements of the assessment process.		
Identified and accommodated any special needs of the candidate.		
Checked the set-up and resources for the assessment.		
During the assessment I have:		
Introduced myself and confirmed identities of candidates.		
Put candidates at ease by being friendly and helpful.		
Explained to candidates the purpose, context and benefits of the assessment.		
Ensured candidates understood the assessment process and all attendant procedures.		
Provided candidates with an overview of performance criteria to be assessed.		
Explained the results reporting procedure.		
Encouraged candidates to seek clarifications if in doubt.		
Asked candidates for feedback on the assessment.		
Explained legal, safety and ethical issues, if applicable.		
After the assessment I have:		
Ensured candidate is given constructive feedback.		
Completed and signed the assessment record.		
Thanked candidate for participating in the assessment.		

Instructions for Recording Competency

Specifications for Recording Competency

The following specifications apply to the preparation of Evidence Gathering Plans:

- A Competency Recording Sheet must be prepared for each candidate to ensure and demonstrate all Performance Criteria and Competency Elements are appropriately assessed. This Sheet indicates how the Assessor will gather evidence during their assessment of each candidate
- This Competency Recording Sheet is located at the end of the Assessment Plan
- It is the overriding document to record competency
- The Assessor may vary the Competency Recording Sheet to accommodate practical and individual candidate and/or workplace needs
- Assessor must place a tick (✓) in the 'Assessment Method' columns to identify the methods of assessment to be used for each candidate
- Multiple Competency Elements/Performance Criteria may be assessed at the one time, where appropriate
- The assessor and participant should sign and date the Competency Recording Sheet, when all forms of evidence and assessment have been completed
- The assessor may provide and feedback or clarify questions which the participant may have in regards to the assessment grade or findings
- All documents used to capture evidence must be retained, and attached to the Competency Recording Sheet for each candidate for each Competency Unit.

Instructions for Different Assessment Methods

Specifications for Work Project Assessment

These guidelines concern the use of work projects.

The work projects identified in the Training Manuals involve a range of tasks, to be performed at the discretion of the Assessor.

Work project tasks can be completed through any form of assessment as identified in the Trainer and Trainee Manuals and stated at the start of this section.

Assessors should follow these guidelines:

- Review the Work Projects at the end of each 'Element of Competency' in the Trainee Manual to ensure you understand the content and what is expected
- Prepare sufficient resources for the completion of work activities including:
 - Time – whether in scheduled delivery hours or suggested time participants to spend outside of class hours
 - Resources – this may involve technical equipment, computer, internet access, stationery and other supplementary materials and documents
- Prepare assessment location (if done in class) making it conducive to assessment
- Explain Work Projects assessment to candidate, at the start of each Element of Competency. This ensures that participants are aware of what is expected and can collate information as delivery takes place

- Assessors can use the following phrase as a guide (where an 'X' is identified, please input appropriate information):
 "At the end of each Element of Competency there are Work Projects which must be completed. These projects require different tasks that must be completed.
 These work projects are part of the formal assessment for the unit of competency titled X:
 - You are required to complete these activities:
 - a) *Using the 'X' method of assessment*
 - b) *At 'X' location*
 - c) *You will have 'X time period' for this assessment*
 - You are required to compile information in a format that you feel is appropriate to the assessment
 - Do you have any questions about this assessment?"
- Commence Work Project assessment:
 - The assessor may give time for participants to review the questions at this time to ensure they understand the nature of the questions. The assessor may need to clarify questions
 - Participants complete work projects in the most appropriate format
 - Participants must submit Work Project evidence to the assessor before the scheduled due date
- Assessor must assess the participant's evidence against the competency standards specified in each Element of Competency and their own understanding. The assessor can determine if the participant has provided evidence to a 'competent' standard
- Transcribe results/details to Competency Recording Sheet
- Forward/file assessment record.

Specifications for Oral Question Assessment

These guidelines concern the use of oral questioning.

Assessors should follow these guidelines.

- Prepare Assessment Record for Oral Questioning. One record for each candidate:
 - Enter Student name
 - Enter Assessor name
 - Enter Location
- Familiarise self with Questions to be asked
- Prepare assessment location (table and chairs) making it conducive to assessment

- Explain Oral Questioning assessment to candidate, using the following phrase as a guide (where a 'X' is identified, please input appropriate information):
"These oral questions are part of the formal assessment for the unit of competency titled X.
There are X questions and you are required to answer all of them to the best of your ability and I will record whether or not you have answered correctly.
We have 60 minutes for this assessment.
 - I will give you feedback at the end of the assessment
 - Do you have any questions about this assessment?"
- Commence Oral Questioning assessment:
 - Complete Assessment Record for the Oral Questioning by:
 - a) Ticking PC or NYC, as appropriate
 - b) Entering 'Remarks' as required
 - c) Completing Oral Questioning within 60 minutes
- Complete Oral Questioning and provide feedback to candidate
- Transcribe results/details to Competency Recording Sheet
- Forward/file assessment record.

Specifications for Written Question Assessment

These guidelines concern the use of written questioning.

Assessors should follow these guidelines:

- Familiarise self with Questions and Answers provided
- Print and distribute copies of 'Written Questions' for participants. Ideally this should take place with adequate time for participants to answer all questions before the expected due date
- Explain Written Questioning assessment to candidate, using the following phrase as a guide (where a 'X' is identified, please input appropriate information):

"These written questions are part of the formal assessment for the unit of competency titled X.

There are X questions and you are required to answer all of them to the best of your ability.

You may refer to your subject materials, however where possible try to utilise your existing knowledge when answering questions.

Where you are unsure of questions, please ask the Assessor for further instruction. This may be answering the question orally or asking the assessor to redefine the question.

We have X time for this assessment:

- The due date for completion of this assessment is X
- On this date you must forward the completed questions to the assessor by X time on the date of X
- Do you have any questions about this assessment?"

- The assessor may give time for participants to review the questions at this time to ensure they understand the nature of the questions. The assessor may need to clarify questions
- Participants may record written answers (where possible)
- Participants must submit the written answers to the assessor before the scheduled due date
- Assessor must assess the participant's written answers against the model answers provided as a guide, or their own understanding. The assessor can determine if the participant has answered the questions to a 'competent' standard
- Transcribe results/details to Competency Recording Sheet
- Forward/file assessment record.

Specifications for Observation Checklist

These specifications apply to the use of the Observation Checklist in determining competency for candidates.

Only an approved assessor is authorised to complete the Observation Checklist.

The assessor is required to observe the participant, ideally in a simulated environment or their practical workplace setting and record their performance (or otherwise) of the competencies listed on the Observation Checklist for the Competency Unit.

To complete the Observation Checklist the Assessor must:

- Insert name of candidate
- Insert assessor name
- Insert identify of location where observations are being undertaken
- Insert date/s of observations – may be single date or multiple dates
- Place a tick in either the 'Yes' or 'No' box for each listed Performance Criteria to indicate the candidate has demonstrated/not demonstrated that skill
- Provide written (and verbal) feedback to candidate – as/if appropriate
- Sign and date the form
- Present form to candidate for them to sign and date
- Transcribe results/details to Competency Recording Sheet for candidate
- Forward/file Observation Checklist.

This source of evidence combines with other forms of assessment to assist in determining the 'Pass Competent' or 'Not Yet Competent' decision for the participant.

Specifications for Third Party Statement

These specifications relate to the use of a relevant workplace person to assist in determining competency for candidates.

The Third Party Statement is to be supplied by the assessor to a person in the workplace who supervises and/or works closely with the participant.

This may be their Supervisor, the venue manager, the Department Manager or similar.

The Third Party Statement asks the Supervisor to record what they believe to be the competencies of the participant based on their workplace experience of the participant. This experience may be gained through observation of their workplace performance, feedback from others, inspection of candidate's work etc.

A meeting must take place between the Assessor and the Third Party to explain and demonstrate the use of the Third Party Statement.

To complete the Third Party Verification Statement the Assessor must:

- Insert candidate name
- Insert name and contact details of the Third Party
- Tick the box to indicate the relationship of the Third Party to the candidate
- Present the partially completed form to the Third Party for them to finalise
- Collect the completed form from the Third Party
- Transcribe results/details to Competency Recording Sheet for candidate
- Forward/file Third Party Statement.

The Third Party must:

- Record their belief regarding candidate ability/competency as either:
 - Pass Competent = Yes
 - Not Yet Competent = No
 - Unsure about whether candidate is competent or not = Not Sure
- Meet briefly with the assessor to discuss and/or clarify the form.

This source of evidence combines with other forms of assessment to assist in determining the 'Pass Competent' or 'Not Yet Competent' decision for the candidate.

A separate Third Party Statement is required for each Competency Unit undertaken by the candidate.

Competency Standard

UNIT TITLE: PREPARE AND MODEL MARZIPAN		NOMINAL HOURS: 30
UNIT NUMBER: D1.HPA.CL4.04		
UNIT DESCRIPTOR: This unit deals with skills and knowledge required by cooks, chefs and patissiers to prepare, model, display and store marzipan products in commercial food production environments		
ELEMENTS AND PERFORMANCE CRITERIA		UNIT VARIABLE AND ASSESSMENT GUIDE
Element 1: Prepare modelling marzipan 1.1 Select and weigh <i>ingredients</i> 1.2 Combine ingredients 1.3 Identify <i>potential problems</i> and take appropriate actions to maintain desired characteristics of modelling marzipan Element 2: Produce moulded and modelled shapes 2.1 Mould/model marzipan 2.2 Apply colours to marzipan models 2.3 Apply <i>decorations</i> to marzipan models 2.4 Apply <i>finishes</i> to marzipan models 2.5 Use marzipan for <i>other uses</i> Element 3: Store marzipan products 3.1 Store modelling marzipan, marzipan products or models in <i>appropriate conditions</i>		The Unit Variables provide advice to interpret the scope and context of this unit of competence, allowing for differences between enterprises and workplaces. It relates to the unit as a whole and facilitates holistic assessment This unit applies to all industry sectors that are responsible for preparing, displaying and storing marzipan models within the labour divisions of the hotel and travel industries and may include: - Food Production <i>Ingredients</i> will include: - Icing sugar - Glucose - Almond meal - Eggs. Potential problems may include: - Drying out of product - Incorrect consistency of product - Stale product.

3.2 Maintain maximum eating quality, appearance and freshness

Mould/model should include:

- Shapes
- Figures
- Flowers
- Animals.

Decorations may include:

- Using royal icing
- Using chocolate.

Finishes should relate to:

- Glazing
- Sealing
- Food lacquer
- Cocoa butter.

Other uses may relate to:

- Covering for cakes
- Covering for petit fours
- Covering for torten.

Appropriate conditions relate to:

- Cool
- Dry
- Moisture free
- Low humidity
- Avoiding crust forming or hardening.

Assessment Guide

The following skills and knowledge must be assessed as part of this unit:

- Knowledge of the quality characteristics and models of marzipan, including classical, modern/contemporary and culturally specific
- Knowledge of the appropriate quality indicators, such as taste, texture, structure, shape and size to industry and/or enterprise standards
- Knowledge of the principles of the production of marzipan and marzipan products
- Demonstrated ability to safely and hygienically handle products
- Knowledge of commodities
- Knowledge of the historical and cultural aspects of petit fours and the menu
- Ability to handle and store marzipan and marzipan products.

Linkages To Other Units

- Comply with workplace hygiene procedures
- Implement occupational health and safety procedures
- Prepare and store food
- Work effectively with colleagues and customers
- Present and display food products
- Apply basic techniques of commercial cookery
- Other food units as appropriate, including pastry, cakes, yeast goods, desserts, buffet food service operation.

Critical Aspects of Assessment

Evidence of the following is essential:

- Knowledge of the characteristics of marzipan modelling, including classical and modern, size, shape, structure, assembly according to industry and enterprise standards
- Demonstration of commodity knowledge including quality aspects
- Safe and hygienic handling of products
- Knowledge of appropriate portion control
- Knowledge of specific terminology related to marzipan
- Demonstrated ability to prepare a variety of marzipan models
- Demonstration of creative artistic skills in preparation, decoration and display of marzipan models
- Ability to prepare, present/display and store a range of marzipan models to industry and enterprise standards
- Demonstrated ability to store a range of petit fours to industry and enterprise standards.

Context of Assessment

This unit may be assessed on or off the job

- Assessment should include practical demonstration either in the workplace or through a simulation activity, supported by a range of methods to assess underpinning knowledge
- Assessment must relate to the individuals work area or area of responsibility
- Preparation, decoration and display of marzipan models within typical workplace conditions and timeframes.

	Resource Implications Training and assessment must include access and use to a fully equipped commercial kitchen; and use of real ingredients and service equipment; and access to workplace standards, procedures, policies, guidelines, tools and equipment.		
	Assessment Methods The following methods may be used to assess competency for this unit: • Observation of practical candidate performance • Oral and written questions • Third party reports completed by a supervisor • Project and assignment work • Sampling of marzipan products prepared by the student.		
	Key Competencies in this Unit <i>Level 1 = competence to undertake tasks effectively</i> <i>Level 2 = competence to manage tasks</i> <i>Level 3 = competence to use concepts for evaluating</i>		
	Key Competencies	Level	Examples
	Collecting, organising and analysing information	2	Determine requirements of standard recipes and/or menu requirements; collect equipment, commodities and ingredients; select and obtain commodities; organise ingredients and task sheets
Communicating ideas and information	1	Share information with other kitchen and floor service staff; read recipes, menus, instructions and orders	

	Planning and organising activities	2	Complete preparation, <i>mise-en-place</i> ; plan and organise for the preparation and modelling of marzipan pieces; work within time constraints in a logical sequence
	Working with others and in teams	1	Work cooperatively with other team members
	Using mathematical ideas and techniques	2	Calculate quantities and portions against standard recipes and/or menu requirements
	Solving problems	1	Identify and correct problems in the preparation and modelling of marzipan such as ingredient quality
	Using technology	1	Use mechanical kitchen equipment including weighing equipment

Oral Questions

Student name	
Assessor name	
Location/venue	
Unit of competency	Prepare and model marzipan D1.HPA.CL4.04
Instructions	1. Ask student questions from the attached list to confirm knowledge, as necessary 2. Place tick in boxes to reflect student achievement (Pass Competent 'PC' or Not Yet Competent 'NYC') 3. Write short-form student answer in the space provided for each question.

Questions	Response	
	PC	NYC
1. What are the ingredients for marzipan?	☐	☐
2. Describe the process of preparing modelling marzipan.	☐	☐

Questions	Response	
	PC	NYC
3. How do you guard against modelling marzipan drying out when prepared and ready for use?	☐	☐
4. What molds are available for producing modelled marzipan shapes?	☐	☐
5. Describe a marzipan model you have use colours with: what was the shape? What colours did you use and how did you apply them?	☐	☐

Questions	Response	
	PC	NYC
6. Give me an example of how you have used (a) royal icing and (b) chocolate as decorations for marzipan models.	☐	☐
7. Give me an example of how you have used (a) glazing and (b) cocoa butter as finishes for marzipan models	☐	☐
8. Tell me how you have used marzipan for (a) covering cakes and (b) covering petit fours.	☐	☐

Questions	Response	
	PC	NYC
9. Why should marzipan be stored in a dry, low humidity environment?	☐	☐
10. You have been asked to store molded and modelled marzipan shapes so they can be used tomorrow on a buffet: describe how you would store these items to optimise eating quality, appearance and freshness.	☐	☐

Written Questions

Prepare and model marzipan – D1.HPA.CL4.04

Student Name: _____

Answer all the following questions and submit to your Trainer.

1. What is marzipan?

2. What ingredients are used to make marzipan?

3. What process must almonds undergo before being used for making marzipan?

4. What does must almonds undergo before being used for making marzipan?

5. What must be done to the almond after it has been blanched?

6. Name two methods of making marzipan

7. What is the difference between marzipan and almond paste?

8. Name a potential issue that may occur when producing marzipan.

9. Why must marzipan be kept wrapped in plastic?

10. What is the recommended weight for the following marzipan products?

11. Why should the weight of the product be considered

12. What makes marzipan products attractive to the eye?

13. Name 3 objects that can be modeled in marzipan

14. Colours are available in what form for marzipan colouring?

15. What is considered the best?

16. What ingredient is not required in colour in large quantity?

17. Name two forms of decorations that might be used in marzipan modeling

18. What must not be used in marzipan modeling?

19. What can be used for finishing marzipan off when modeling is complete?

20. Name three other uses for marzipan.

21. Why is marzipan such a useful commodity?

22. What are the ideal conditions for storing marzipan?

23. How do you maintain the eating quality of marzipan?

24. What is used to slow the drying process while exposed to the air?

Answers to Written Questions

Prepare and model marzipan – D1.HPA.CL4.04

The following are model answers only – Trainers/Assessors must use discretion when determining whether or not an answer provided by a Student is acceptable or not.

1. What is marzipan?

Marzipan is a confection.

2. What ingredients are used to make marzipan?

Almonds

Sugar

Glucose

Egg

Flavouring

3. What process must almonds undergo before being used for making marzipan?

They must be blanched

4. What does blanching mean and what does it achieve?

Blanching means to place the natural almond into boiling water which softens the skin so that it can be removed.

5. What must be done to the almond after it has been blanched?

Remove the skin and dry in oven

6. Name two methods of making marzipan

Cooked and raw

7. What is the difference between marzipan and almond paste?

Marzipan (2/3) two thirds almonds and (1/3) one third sugar

Almond paste (2/3) two thirds sugar and 1/3) one third almonds

8. Name a potential issue that may occur when producing marzipan.

Contamination by foreign particles if workplace is not clean

9. Why must marzipan be kept wrapped in plastic?

It will dry when exposed to air.

10. What is the recommended weight for the following marzipan products?

- Flowers 40 – 60 g
- Buds 20 – 30 g
- Figurine and animals 100 – 150 g
- Fruits 10 – 30 g.

11. Why should the weight of the product be considered

Almonds are an expensive commodity

12. What makes marzipan products attractive to the eye?

Colour

13. Name 3 objects that can be modeled in marzipan

Flowers

Fruits

Animals

People

14. Colours are available in what form for marzipan colouring?

Liquid

Paste

Powders

15. What is considered the best?

Paste

16. What ingredient is not required in colour in large quantity?

Liquid

17. Name two forms of decorations that might be used in marzipan modeling.

Royal icing for the eyes

Chocolate for the feet

18. What must not be used in marzipan modeling?

Products that are not classified as Food

19. What can be used for finishing marzipan off when modeling is complete?

Almond lacquer

Cocoa butter

20. Name three other uses for marzipan.

Making petit fours

Use in cake making

Masking cakes

Fillings for Danish pastry

Centres for chocolates

21. Why is marzipan such a useful commodity?

Because of its flavour and the oil content

22. What are the ideal conditions for storing marzipan?

In an enclosed environment, minimal air movement

23. How do you maintain the eating quality of marzipan?

Keep the product fresh

Make in small batches

24. What is used to slow the drying process while exposed to the air?

A covering of almond lacquer

A coating of cocoa butter

Observation Checklist

Student name	
Assessor name
