Competency Based Assessment (CBA) – An Introduction for Assessors

Assessment is the process of identifying a participant's current knowledge, skills and attitudes sets against all elements of competency within a unit of competency.

Suggested Assessment Methods

For each unit of competency a number of assessment tools have been identified including:

- Work Projects
- Oral Questions
- Written Questions
- Third Party Statements
- Observation Checklists.

Instructions and Evidence Recording Sheets have been identified in this Assessment Manual for use by Assessors.

Alternative Assessment Methods

Whilst the above mentioned assessment methods are suggested assessment methods, the assessor may use an alternate method of assessment taking into account:

- a) The nature of the unit
- b) The strengths of participants
- c) The number of participants in the class
- d) Time required to complete assessments
- e) Time dedicated to assessment
- f) Equipment and resources required.

Alternate assessment methods include:

- Practical demonstrations
- Practical demonstrations in simulated work conditions
- Problem solving
- Portfolios of evidence
- Critical incident reports
- Journals
- Oral presentations
- Interviews
- Videos
- Visuals/slides/audiotapes

- Case studies
- Log books
- Projects and Role plays
- Group projects
- Recognition of Prior Learning.

Whilst there is no specific instruction or evidence collection documents for all the alternative assessment methods, assessors can record competency in the 'Other' section within the 'Competency Recording Sheet'.

Selection of Assessment Methods

Each assessor will determine the combination of Assessment Methods to be used to determine Competency for each Competency Unit on a student by student basis.

'Sufficient' evidence to support the 'Pass Competent'/'Not Yet Competent' decision must be captured.

In practice this means a minimum of 2 – 3 Assessment Methods for each candidate for each Competency Element is suggested.

At least one method should provide evidence of practical demonstration of competence.

The following assessment methods deemed to provide evidence of practical demonstration of competence include:

- Practical Work Projects
- Third Party Statement
- Observation Checklist.

Assessing Competency

Competency based assessment does not award grades, but simply identifies if the participant has the knowledge, skills and attitudes to undertake the required task to the specified standard.

Therefore, when assessing competency, an assessor has two possible results that can be awarded:

- 'Pass Competent' (PC)
- 'Not Yet Competent' (NYC).

Pass Competent (PC)

If the participant is able to successfully answer or demonstrate what is required, to the expected standards of the performance criteria, they will be deemed as 'Pass Competent' (PC).

The assessor will award a 'Pass Competent' (PC) if they feel the participant has the necessary knowledge, skills and attitudes in all assessment tasks for a unit.

Not Yet Competent' (NYC)

If the participant is unable to answer or demonstrate competency to the desired standard, they will be deemed to be 'Not Yet Competent' (NYC).

This does not mean the participant will need to complete all the assessment tasks again. The focus will be on the specific assessment tasks that were not performed to the expected standards.

The participant may be required to:

- a) Undertake further training or instruction
- b) Undertake the assessment task again until they are deemed to be 'Pass Competent'.

Regional Qualifications Framework and Skills Recognition System

The 'Regional Qualifications Framework and Skills Recognition System', also known as the 'RQFSRS' is the overriding educational framework for the ASEAN region.

The purpose of this framework is to provide:

- A standardised teaching and assessment framework
- Mutual recognition of participant achievement across the ASEAN region. This includes achievement in individual Units of Competency or qualifications as a whole.

The role of the 'RQFSRS' is to provide, ensure and maintain 'quality assurance' across all countries and educational providers across the ASEAN region.

Recognition of Prior Learning (RPL)

Recognition of Prior Learning is the process that gives current industry professionals who do not have a formal qualification, the opportunity to benchmark their extensive skills and experience against the standards set out in each unit of competency/subject.

This process is a learning and assessment pathway which encompasses:

- Recognition of Current Competencies (RCC)
- Skills auditing
- Gap analysis and training
- Credit transfer.

Code of Practice for Assessors

This Code of Practice provides:

- Assessors with direction on the standard of practice expected of them
- Candidates with assurance of the standards of practice expected of assessors
- Employers with assurance of the standards maintained in the conduct of assessment.

The Code detailed below is based on the International Code of Ethics and Practice (The National Council for Measurement in Education [NCME]):

- The differing needs and requirements of the person being assessed, the local enterprise and/or industry are identified and handled with sensitivity
- Potential forms of conflict of interest in the assessment process and/or outcomes are identified and appropriate referrals are made, if necessary
- All forms of harassment are avoided throughout the planning, conducting, reviewing and reporting of the assessment outcomes

- The rights of the candidate are protected during and after the assessment
- Personal and interpersonal factors that are not relevant to the assessment of competency must not influence the assessment outcomes
- The candidate is made aware of rights and process of appeal
- Evidence that is gathered during the assessment is verified for validity, reliability, authenticity, sufficiency and currency
- Assessment decisions are based on available evidence that can be produced and verified by another assessor
- Assessments are conducted within the boundaries of the assessment system policies and procedures
- Formal agreement is obtained from both the candidate and the assessor that the assessment was carried out in accordance with agreed procedures
- The candidate is informed of all assessment reporting processes prior to the assessment
- The candidate is informed of all known potential consequences of decisions arising from an assessment, prior to the assessment
- Confidentiality is maintained regarding assessment results
- The assessment results are used consistently with the purposes explained to the candidate
- Opportunities are created for technical assistance in planning, conducting and reviewing assessment procedures and outcomes.

Instructions and Checklist for Assessors

Instructions

General instructions for the assessment:

- Assessment should be conducted at a scheduled time that has been notified to the candidate
- Facilitators must ensure participants are made aware of the need to complete assessments and attend assessment sessions
- If a participant is unable to attend a scheduled session, they must make arrangements with the Assessor to undertake the assessment at an alternative time
- At the end of the assessment the Assessor must give feedback and advise the participant on their PC/NYC status
- Complete the relevant documentation and submit to the appropriate department.

Preparation

- Gain familiarity with the Unit of Competency, Elements of Competency and the Performance Criteria expected
- Study details assessment documentation and requirements
- Brief candidate regarding all assessment criteria and requirements.

Briefing Checklist

- Begin the assessment by implementing the following checklist and then invite the candidate to proceed with assessment.

Checklist for Assessors

Prior to the assessment I have:	Tick (✓)	Remarks
Ensured the candidate is informed about the venue and schedule of assessment.		
Received current copies of the performance criteria to be assessed, assessment plan, evidence gathering plan, assessment checklist, appeal form and the company's standard operating procedures (SOP).		
Reviewed the performance criteria and evidence plan to ensure I clearly understood the instructions and the requirements of the assessment process.		
Identified and accommodated any special needs of the candidate.		
Checked the set-up and resources for the assessment.		
During the assessment I have:		
Introduced myself and confirmed identities of candidates.		
Put candidates at ease by being friendly and helpful.		
Explained to candidates the purpose, context and benefits of the assessment.		
Ensured candidates understood the assessment process and all attendant procedures.		
Provided candidates with an overview of performance criteria to be assessed.		
Explained the results reporting procedure.		
Encouraged candidates to seek clarifications if in doubt.		
Asked candidates for feedback on the assessment.		
Explained legal, safety and ethical issues, if applicable.		
After the assessment I have:		
Ensured candidate is given constructive feedback.		
Completed and signed the assessment record.		
Thanked candidate for participating in the assessment.		

Instructions for Recording Competency

Specifications for Recording Competency

The following specifications apply to the preparation of Evidence Gathering Plans:

- A Competency Recording Sheet must be prepared for each candidate to ensure and demonstrate all Performance Criteria and Competency Elements are appropriately assessed. This Sheet indicates how the Assessor will gather evidence during their assessment of each candidate
- This Competency Recording Sheet is located at the end of the Assessment Plan
- It is the overriding document to record competency
- The Assessor may vary the Competency Recording Sheet to accommodate practical and individual candidate and/or workplace needs
- Assessor must place a tick (✓) in the 'Assessment Method' columns to identify the methods of assessment to be used for each candidate
- Multiple Competency Elements/Performance Criteria may be assessed at the one time, where appropriate
- The assessor and participant should sign and date the Competency Recording Sheet, when all forms of evidence and assessment have been completed
- The assessor may provide and feedback or clarify questions which the participant may have in regards to the assessment grade or findings
- All documents used to capture evidence must be retained, and attached to the Competency Recording Sheet for each candidate for each Competency Unit.

Instructions for Different Assessment Methods

Specifications for Work Project Assessment

These guidelines concern the use of work projects.

The work projects identified in the Training Manuals involve a range of tasks, to be performed at the discretion of the Assessor.

Work project tasks can be completed through any form of assessment as identified in the Trainer and Trainee Manuals and stated at the start of this section.

Assessors should follow these guidelines:

- Review the Work Projects at the end of each 'Element of Competency' in the Trainee Manual to ensure you understand the content and what is expected
- Prepare sufficient resources for the completion of work activities including:
 - Time – whether in scheduled delivery hours or suggested time participants to spend outside of class hours
 - Resources – this may involve technical equipment, computer, internet access, stationery and other supplementary materials and documents
- Prepare assessment location (if done in class) making it conducive to assessment
- Explain Work Projects assessment to candidate, at the start of each Element of Competency. This ensures that participants are aware of what is expected and can collate information as delivery takes place

- Assessors can use the following phrase as a guide (where an 'X' is identified, please input appropriate information):

“At the end of each Element of Competency there are Work Projects which must be completed. These projects require different tasks that must be completed.

These work projects are part of the formal assessment for the unit of competency titled X:

 - You are required to complete these activities:
 - Using the 'X' method of assessment*
 - At 'X' location*
 - You will have 'X time period' for this assessment*
 - You are required to compile information in a format that you feel is appropriate to the assessment
 - Do you have any questions about this assessment?”
- Commence Work Project assessment:
 - The assessor may give time for participants to review the questions at this time to ensure they understand the nature of the questions. The assessor may need to clarify questions
 - Participants complete work projects in the most appropriate format
 - Participants must submit Work Project evidence to the assessor before the scheduled due date
- Assessor must assess the participant's evidence against the competency standards specified in each Element of Competency and their own understanding. The assessor can determine if the participant has provided evidence to a 'competent' standard
- Transcribe results/details to Competency Recording Sheet
- Forward/file assessment record.

Specifications for Oral Question Assessment

These guidelines concern the use of oral questioning.

Assessors should follow these guidelines.

- Prepare Assessment Record for Oral Questioning. One record for each candidate:
 - Enter Student name
 - Enter Assessor name
 - Enter Location
- Familiarise self with Questions to be asked
- Prepare assessment location (table and chairs) making it conducive to assessment
- Explain Oral Questioning assessment to candidate, using the following phrase as a guide (where a 'X' is identified, please input appropriate information):

“These oral questions are part of the formal assessment for the unit of competency titled X.

There are X questions and you are required to answer all of them to the best of your ability and I will record whether or not you have answered correctly.

We have 60 minutes for this assessment.

- I will give you feedback at the end of the assessment
- Do you have any questions about this assessment?”
- Commence Oral Questioning assessment:
 - Complete Assessment Record for the Oral Questioning by:
 - a) Ticking PC or NYC, as appropriate
 - b) Entering ‘Remarks’ as required
 - c) Completing Oral Questioning within 60 minutes
- Complete Oral Questioning and provide feedback to candidate
- Transcribe results/details to Competency Recording Sheet
- Forward/file assessment record.

Specifications for Written Question Assessment

These guidelines concern the use of written questioning.

Assessors should follow these guidelines:

- Familiarise self with Questions and Answers provided
- Print and distribute copies of ‘Written Questions’ for participants. Ideally this should take place with adequate time for participants to answer all questions before the expected due date
- Explain Written Questioning assessment to candidate, using the following phrase as a guide (where a ‘X’ is identified, please input appropriate information):

“These written questions are part of the formal assessment for the unit of competency titled X.

There are X questions and you are required to answer all of them to the best of your ability.

You may refer to your subject materials, however where possible try to utilise your existing knowledge when answering questions.

Where you are unsure of questions, please ask the Assessor for further instruction. This may be answering the question orally or asking the assessor to redefine the question.

We have X time for this assessment:

- The due date for completion of this assessment is X
- On this date you must forward the completed questions to the assessor by X time on the date of X
- Do you have any questions about this assessment?”
- The assessor may give time for participants to review the questions at this time to ensure they understand the nature of the questions. The assessor may need to clarify questions
- Participants may record written answers (where possible)
- Participants must submit the written answers to the assessor before the scheduled due date

- Assessor must assess the participant's written answers against the model answers provided as a guide, or their own understanding. The assessor can determine if the participant has answered the questions to a 'competent' standard
- Transcribe results/details to Competency Recording Sheet
- Forward/file assessment record.

Specifications for Observation Checklist

These specifications apply to the use of the Observation Checklist in determining competency for candidates.

Only an approved assessor is authorised to complete the Observation Checklist.

The assessor is required to observe the participant, ideally in a simulated environment or their practical workplace setting and record their performance (or otherwise) of the competencies listed on the Observation Checklist for the Competency Unit.

To complete the Observation Checklist the Assessor must:

- Insert name of candidate
- Insert assessor name
- Insert identify of location where observations are being undertaken
- Insert date/s of observations – may be single date or multiple dates
- Place a tick in either the 'Yes' or 'No' box for each listed Performance Criteria to indicate the candidate has demonstrated/not demonstrated that skill
- Provide written (and verbal) feedback to candidate – as/if appropriate
- Sign and date the form
- Present form to candidate for them to sign and date
- Transcribe results/details to Competency Recording Sheet for candidate
- Forward/file Observation Checklist.

This source of evidence combines with other forms of assessment to assist in determining the 'Pass Competent' or 'Not Yet Competent' decision for the participant.

Specifications for Third Party Statement

These specifications relate to the use of a relevant workplace person to assist in determining competency for candidates.

The Third Party Statement is to be supplied by the assessor to a person in the workplace who supervises and/or works closely with the participant.

This may be their Supervisor, the venue manager, the Department Manager or similar.

The Third Party Statement asks the Supervisor to record what they believe to be the competencies of the participant based on their workplace experience of the participant. This experience may be gained through observation of their workplace performance, feedback from others, inspection of candidate's work etc.

A meeting must take place between the Assessor and the Third Party to explain and demonstrate the use of the Third Party Statement.

To complete the Third Party Verification Statement the Assessor must:

- Insert candidate name
- Insert name and contact details of the Third Party
- Tick the box to indicate the relationship of the Third Party to the candidate
- Present the partially completed form to the Third Party for them to finalise
- Collect the completed form from the Third Party
- Transcribe results/details to Competency Recording Sheet for candidate
- Forward/file Third Party Statement.

The Third Party must:

- Record their belief regarding candidate ability/competency as either:
 - Pass Competent = Yes
 - Not Yet Competent = No
 - Unsure about whether candidate is competent or not = Not Sure
- Meet briefly with the assessor to discuss and/or clarify the form.

This source of evidence combines with other forms of assessment to assist in determining the 'Pass Competent' or 'Not Yet Competent' decision for the candidate.

A separate Third Party Statement is required for each Competency Unit undertaken by the candidate.

UNIT TITLE: DEVELOP, IMPLEMENT AND EVALUATE REGIONAL TOURISM PLANS		NOMINAL HOURS: 70
UNIT NUMBER: D2.TCS.CL5.11		
UNIT DESCRIPTOR: This unit deals with skills and knowledge required to generate, implement, monitor and evaluate strategic tourism plans within a local and/or regional context.		
ELEMENTS AND PERFORMANCE CRITERIA		UNIT VARIABLE AND ASSESSMENT GUIDE
Element 1: Develop regional tourism plans 1.1 <i>Identify the context for the host enterprise</i> in relation to regional tourism development 1.2 Undertake a <i>situation analysis</i> of the region and the host enterprise 1.3 Engage in <i>community consultation</i> to identify regional concerns, opinions, suggestions, recommendations and preferences 1.4 Identify the <i>stakeholders</i> in relation to the development and implementation of regional tourism plans 1.5 Consider the <i>impacts of tourism on the regional community</i> 1.6 Identify and quantify the <i>community and industry resources available</i> to support the implementation of plans		Unit Variables The Unit Variables provide advice to interpret the scope and context of this unit of competence, allowing for differences between enterprises and workplaces. It relates to the unit as a whole and facilitates holistic assessment. This unit applies to the development and implementation of local and/or regional tourism plans that will impact a range of tourism facilities across a range of industry sectors within the labour divisions of the hotel and travel industries and may include: 1. Travel Agencies 2. Tour Operation <i>Identify the context for the host enterprise</i> may be related to: • Researching the business and strategic plans for the organisation • Speaking with management to identify emerging issues that have the potential to cause revisions to plans and changes of business direction and focus • Undertaking market research to identify attitudes of the local community to identified issues • Identifying emerging issues of concern to the community

1.7 <i>Maintain ongoing consultation</i> with the regional community throughout the entire planning development process 1.8 <i>Produce draft plans</i> to reflect community concerns and organisational requirements 1.9 <i>Submit plans</i> for approval and feedback 1.10 <i>Revise plans</i> as appropriate on the basis of feedback received 1.11 <i>Obtain approval and/or support</i> for plan implementation	• Defining the current position of the organisation in relation to tourism development in the region • Describing and quantifying the inventory of tourism infrastructure of the region which may include: ▪ Transport ▪ Accommodation ▪ Attractions ▪ Retail ▪ Visitor information services ▪ Tours ▪ Conference facilities • Describing and quantifying the tourism-related carrying capacity for the region.
Element 2: Implement regional tourism plans 2.1 <i>Advise stakeholders and the regional community</i> of intention to initiate approved plan(s) 2.2 <i>Maintain ongoing consultation</i> with stakeholders and communities during implementation 2.3 <i>Follow the actions outlined in the approved plan(s)</i> 2.4 <i>Amend implementation</i> on the basis of <i>issues arising</i> 2.5 <i>Monitor the implementation</i> of the plan(s)	<i>Situation analysis</i> will include: • Defining the strengths of the enterprise and the local region • Defining the weaknesses of the enterprise and the local region • Defining the opportunities available, or presenting themselves to the enterprise and the local region • Defining the threats presenting themselves to the enterprise and the local region • Embracing internal and external factors • Identifying product and service gaps in relation to other comparable locations which may include definition of: ▪ Inability to service current demand ▪ Operating practices inappropriate for the current market place and visitors ▪ Visitor expectation levels that are below acceptable levels

Element 3: Evaluate regional tourism plans 3.1 <i>Compare results of plan(s) against previous statistics and conditions</i> 3.2 <i>Compare outcomes against key performance indicators as stated in the plan(s)</i> 3.3 <i>Identify unintended and/or unanticipated outcomes</i> 3.4 <i>Resolve negative outcomes of the plan(s)</i>	▪ Lack of resources to enable required service delivery, including human, physical and financial resources ▪ Existing potential that is not being exploited • Identifying emerging technology that is impacting on tourism within the identified context of the region and market place. <i>Community consultation may include:</i> • Conducting seminars and public meetings • Formal and informal regional community research • Encouraging debate and discussion in the media • Making public appearances to speak to proposed plans and responding to questions and criticism • Redressing misinformation that exists in the community • Providing current information based on verifiable evidence and information • Engaging with all groups in the regional community • Encouraging key community members to participate on steering committees and advisory boards • Undertaking activities to engender community support for intended planning objectives • Explaining the context and identified goals for projects that are being considered for inclusion in formal regional tourism plans. <i>Stakeholders may include:</i> • General public • Elected officials including politicians with responsibility and influence in the travel and tourism industries
--	---

	• Senior bureaucrats from local, regional and national government agencies • Community groups and elders • Tourism operators, tour operators and travel agents • Travel and tourism industry associations and peak representative bodies • Trade unions • The media. <i>Impacts of tourism on the regional community</i> may be related to: • Listing and describing the costs to local communities of tourism, which may include: ▪ Trivialisation of culture ▪ Effect on social structures ▪ Introduced negative influences and factors ▪ Dilution of culture ▪ Increase in crime ▪ Damage to the local environment including pollution ▪ Increased stress on existing buildings, facilities and infrastructure ▪ Increased living costs ▪ Low-paid jobs ▪ Dependency on tourism ▪ Seasonal employment ▪ Traffic congestion.
--	--

	• Listing and describing the benefits to local communities of tourism, which may include: ▪ Economic benefits to the local community Creation of employment opportunities ▪ Opportunity to share the culture and educate visitors ▪ Investment opportunities in businesses, real estate, infrastructure ▪ Maintenance, growth and improvement in local facilities ▪ Improved health and training facilities ▪ Improved public transport systems ▪ Opportunity to enhance the preservation of endangered or threatened aspects of the local culture, customs and community ▪ Opportunity to make the wider community aware of the problems facing the community. <i>Community and industry resources available may include:</i> • Local government resources • Local tourist associations or other industry bodies • Preparedness of individual tourism operators to contribute to and support plans • Expertise of those likely to implement plans • Current market position of the destination/community • Opportunities that exist for sponsorship and/or joint ventures • Potential for grants and other government assistance • Local skill profile • Extent and condition of local infrastructure.
--	--

	<i>Maintain ongoing consultation</i> may include: • Using the media to communicate information and progress • Establishing a newsletter for nominated individuals and organisations • Conducting a scheduled series of information sessions • Being available to respond to requests for information and updates • Establishing an information site on the host enterprise website. <i>Produce draft plans</i> may include: • Ensuring that development initiatives are culturally and environmentally appropriate • Developing a suite of plans that align with the accepted requirements of plans to be SMART i.e. specific; measurable; accurate; realistic and relevant; track-able and time-related • Developing policies and procedures to guide and govern the implementation of the plan(s) • Allocating tasks, resources and responsibilities to enable the attainment of the goals of the plan(s) • Identifying quality standards that will apply to planning implementation • Developing monitoring and evaluation criteria against which to assess the progress and success of the plan(s), including development of Key Performance Indicators (KPIs), where appropriate. <i>Submit plans</i> may include: • Presenting and explaining plans at public and other targeted meetings • Releasing the plans to the media for public consumption and discussion • Providing copies of the plans to government agencies, industry bodies and other identified key stakeholders • Formally registering and submitting plans to designated authorities that have control over the areas that are targeted for development.
--	---

	<i>Obtain approval and/or support</i> may include: • Receiving official permission to proceed • Receiving general approval from the community • Granting of funding to enable project commencement. <i>Advise stakeholders and the regional community</i> may include: • Undertaking media interviews • Providing media releases • Holding information meetings with stakeholders and relevant communities. <i>Follow the actions outlined in the approved plan(s)</i> may include: • Ensuring responsibilities are discharged as allocated • Ensuring resources promised by the host enterprise and/or resources promised by government agencies, industry and government agencies are forthcoming, including physical resources, financial resources and human resources • Ensuring timelines for achievement of targets are met • Evaluating the progress of plans against established key performance indicators (KPIS) • Overseeing or engaging in actions designed to achieve the goals of the plan(s), including education/training, building of facilities, undertaking promotional activities • Engaging communities and individuals as projected. <i>Issues arising</i> may include: • Unexpected events • Unanticipated problems • Reversals of previously obtained permissions from individual and authorities • Withdrawal of support from key stakeholders.
--	---

	<i>Monitor the implementation</i> may include: • Tracking progress of plan(s) • Recording evidence of progress • Assessing progress against established Key Performance Indicators (KPIs) • Notifying stakeholders regarding verifiable progress. <i>Compare results of plan(s) against previous statistics and conditions</i> must include: • Evaluating qualitative and quantitative data • Researching anecdotal evidence • Determining net results of initiatives contained in the regional tourism plan(s). <i>Resolve negative outcomes</i> may include: • Meeting with regional stakeholders to describe and quantify, where applicable, the negative outcome • Apologising, for instance where promises made about the plan(s) have not been able to be fulfilled • Revising plans, including committing additional resources, as required • Submitting revised plan(s) for approval • Implementing revised plans. Assessment Guide The following skills and knowledge must be assessed as part of this unit: • Enterprise policies and procedures in regard to interactions with local communities, government agencies and industry associations, including protocols relating to public meetings, media liaison and the making of public comment on behalf of the enterprise • Principles and practices of strategic planning and research
--	---

- Extensive knowledge of the region for which plans are to be produced and implemented
- Ability to use communication, negotiation, planning, organisational, networking and interpersonal skills
- Knowledge of the costs and benefits of tourism to and for local communities
- Knowledge of the hierarchy of tourism bodies and representative organisations
- Knowledge of main stakeholders in relation to local tourism
- Knowledge of typical problems and issues in the relationship between local tourism and host communities
- Knowledge of media interview, training and presentation delivery techniques.

Linkages To Other Units

- Develop and update local knowledge
- Develop host community awareness programs
- Develop a marketing strategy and coordinate sales activities
- Establish and maintain a business relationship
- Develop and implement a business plan
- Produce documents, reports and worksheets on a computer
- Plan, manage and conduct meetings
- Manage legal requirements for business compliance
- Develop and update tourism industry knowledge
- Demonstrate/observe respect for indigenous cultures
- Plan, trial and implement minimal impact operations
- Monitor tourism operations
- Construct and apply tourism product research
- Develop and monitor culturally appropriate tourism activity
- Source and present information.

	Critical Aspects of Assessment Evidence of the following is essential: • Understanding of host enterprise policies and procedures in regard to interactions with local communities, government agencies and industry associations, including protocols relating to public meetings, media liaison and the making of public comment on behalf of the enterprise • Demonstrated ability to develop, implement and evaluate selected elements of a formal, written tourism plan for a nominated region, providing details with verification, where appropriate, in relation to: ▪ The tourism-related strengths and weaknesses of the community ▪ The tourism-related opportunities and threats that face the community ▪ A series of community consultations ▪ Regional tourism concerns and issues ▪ The stakeholders in the community who have an interest in, or will be affected by, the plan ▪ Industry and community resources, their type and quantity available to support implementation of the plan ▪ Objectives, goals, key performance indicators, timelines, responsibilities and resources required to implement the plan ▪ A suite of comprehensive and detailed action plans to ensure attainment of stated goals and objectives • How the implementation of the plan will be monitored and evaluated.
--	--

	Context of Assessment Assessment must ensure: • Actual or simulated workplace and regional community settings for the planning, research, consultation, implementation and evaluation of a regional tourism plan. Resource Implications • Training and assessment must include a real regional community, real people, real issues and actual information and data regarding relevant tourism issues and contexts for that community. Assessment Methods The following methods may be used to assess competency for this unit: • Observation of practical candidate performance • Portfolio of documentation produced by the candidate, including records of meetings, research material and plans • Feedback from stakeholders who have participated in the consultation and implementation process • Analysis of statistical data relating to the implementation of the project plan • Role plays • Oral and written questions • Third party reports completed by a supervisor • Project and assignment work.
--	--

	Key Competencies in this Unit <i>Level 1 = competence to undertake tasks effectively</i> <i>Level 2 = competence to manage tasks</i> <i>Level 3 = competence to use concepts for evaluating</i>		
	Key Competencies	Level	Examples
	Collecting, organising and analysing information	1	Research issues that are relevant to and impact on the regional community
	Communicating ideas and information	2	Share information with identified stakeholders
	Planning and organising activities	3	Determine the goals and objectives for the regional tourism plan
	Working with others and in teams	2	Organise community and other meetings
	Using mathematical ideas and techniques	1	Calculate statistics that relate to identified tourism issues
	Solving problems	2	Resolve tourism issues that have the potential to negatively impact on the regional community
	Using technology	1	Use communication technologies to disseminate information to the regional community

Oral questions
