# Competency Based Assessment (CBA) – An Introduction for Assessors

Assessment is the process of identifying a participant's current knowledge, skills and attitudes sets against all elements of competency within a unit of competency.

## ***Suggested Assessment Methods***

For each unit of competency a number of assessment tools have been identified including:

- Work Projects
- Oral Questions
- Written Questions
- Third Party Statements
- Observation Checklists.

Instructions and Evidence Recording Sheets have been identified in this Assessment Manual for use by Assessors.

## ***Alternative Assessment Methods***

Whilst the above mentioned assessment methods are suggested assessment methods, the assessor may use an alternate method of assessment taking into account:

- a) The nature of the unit
- b) The strengths of participants
- c) The number of participants in the class
- d) Time required to complete assessments
- e) Time dedicated to assessment
- f) Equipment and resources required.

Alternate assessment methods include:

- Practical demonstrations
- Practical demonstrations in simulated work conditions
- Problem solving
- Portfolios of evidence
- Critical incident reports
- Journals
- Oral presentations
- Interviews
- Videos
- Visuals/slides/audiotapes

- Case studies
- Log books
- Projects and Role plays
- Group projects
- Recognition of Prior Learning.

Whilst there is no specific instruction or evidence collection documents for all the alternative assessment methods, assessors can record competency in the 'Other' section within the 'Competency Recording Sheet'.

### ***Selection of Assessment Methods***

Each assessor will determine the combination of Assessment Methods to be used to determine Competency for each Competency Unit on a student by student basis.

'Sufficient' evidence to support the 'Pass Competent'/'Not Yet Competent' decision must be captured.

In practice this means a minimum of 2 – 3 Assessment Methods for each candidate for each Competency Element is suggested.

At least one method should provide evidence of practical demonstration of competence.

The following assessment methods deemed to provide evidence of practical demonstration of competence include:

- Practical Work Projects
- Third Party Statement
- Observation Checklist.

### ***Assessing Competency***

Competency based assessment does not award grades, but simply identifies if the participant has the knowledge, skills and attitudes to undertake the required task to the specified standard.

Therefore, when assessing competency, an assessor has two possible results that can be awarded:

- 'Pass Competent' (PC)
- 'Not Yet Competent' (NYC).

#### **Pass Competent (PC)**

If the participant is able to successfully answer or demonstrate what is required, to the expected standards of the performance criteria, they will be deemed as 'Pass Competent' (PC).

The assessor will award a 'Pass Competent' (PC) if they feel the participant has the necessary knowledge, skills and attitudes in all assessment tasks for a unit.

#### **Not Yet Competent' (NYC)**

If the participant is unable to answer or demonstrate competency to the desired standard, they will be deemed to be 'Not Yet Competent' (NYC).

This does not mean the participant will need to complete all the assessment tasks again. The focus will be on the specific assessment tasks that were not performed to the expected standards.

The participant may be required to:

- a) Undertake further training or instruction
- b) Undertake the assessment task again until they are deemed to be 'Pass Competent'.

### ***Regional Qualifications Framework and Skills Recognition System***

The 'Regional Qualifications Framework and Skills Recognition System', also known as the 'RQFSRS' is the overriding educational framework for the ASEAN region.

The purpose of this framework is to provide:

- A standardised teaching and assessment framework
- Mutual recognition of participant achievement across the ASEAN region. This includes achievement in individual Units of Competency or qualifications as a whole.

The role of the 'RQFSRS' is to provide, ensure and maintain 'quality assurance' across all countries and educational providers across the ASEAN region

### ***Recognition of Prior Learning (RPL)***

Recognition of Prior Learning is the process that gives current industry professionals who do not have a formal qualification, the opportunity to benchmark their extensive skills and experience against the standards set out in each unit of competency/subject.

This process is a learning and assessment pathway which encompasses:

- Recognition of Current Competencies (RCC)
- Skills auditing
- Gap analysis and training
- Credit transfer.

### ***Code of Practice for Assessors***

This Code of Practice provides:

- Assessors with direction on the standard of practice expected of them
- Candidates with assurance of the standards of practice expected of assessors
- Employers with assurance of the standards maintained in the conduct of assessment.

The Code detailed below is based on the International Code of Ethics and Practice (The National Council for Measurement in Education [NCME]):

- The differing needs and requirements of the person being assessed, the local enterprise and/or industry are identified and handled with sensitivity
- Potential forms of conflict of interest in the assessment process and/or outcomes are identified and appropriate referrals are made, if necessary
- All forms of harassment are avoided throughout the planning, conducting, reviewing and reporting of the assessment outcomes

- The rights of the candidate are protected during and after the assessment
- Personal and interpersonal factors that are not relevant to the assessment of competency must not influence the assessment outcomes
- The candidate is made aware of rights and process of appeal
- Evidence that is gathered during the assessment is verified for validity, reliability, authenticity, sufficiency and currency
- Assessment decisions are based on available evidence that can be produced and verified by another assessor
- Assessments are conducted within the boundaries of the assessment system policies and procedures
- Formal agreement is obtained from both the candidate and the assessor that the assessment was carried out in accordance with agreed procedures
- The candidate is informed of all assessment reporting processes prior to the assessment
- The candidate is informed of all known potential consequences of decisions arising from an assessment, prior to the assessment
- Confidentiality is maintained regarding assessment results
- The assessment results are used consistently with the purposes explained to the candidate
- Opportunities are created for technical assistance in planning, conducting and reviewing assessment procedures and outcomes.

### ***Instructions and Checklist for Assessors***

#### **Instructions**

General instructions for the assessment:

- Assessment should be conducted at a scheduled time that has been notified to the candidate
- Facilitators must ensure participants are made aware of the need to complete assessments and attend assessment sessions
- If a participant is unable to attend a scheduled session, they must make arrangements with the Assessor to undertake the assessment at an alternative time
- At the end of the assessment the Assessor must give feedback and advise the participant on their PC/NYC status
- Complete the relevant documentation and submit to the appropriate department.

#### **Preparation**

- Gain familiarity with the Unit of Competency, Elements of Competency and the Performance Criteria expected
- Study details assessment documentation and requirements
- Brief candidate regarding all assessment criteria and requirements.

#### **Briefing Checklist**

- Begin the assessment by implementing the following checklist and then invite the candidate to proceed with assessment.

**Checklist for Assessors**

| Prior to the assessment I have:                                                                                                                                                                        | Tick (✓) | Remarks |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------|---------|
| Ensured the candidate is informed about the venue and schedule of assessment.                                                                                                                          |          |         |
| Received current copies of the performance criteria to be assessed, assessment plan, evidence gathering plan, assessment checklist, appeal form and the company's standard operating procedures (SOP). |          |         |
| Reviewed the performance criteria and evidence plan to ensure I clearly understood the instructions and the requirements of the assessment process.                                                    |          |         |
| Identified and accommodated any special needs of the candidate.                                                                                                                                        |          |         |
| Checked the set-up and resources for the assessment.                                                                                                                                                   |          |         |
| <b>During the assessment I have:</b>                                                                                                                                                                   |          |         |
| Introduced myself and confirmed identities of candidates.                                                                                                                                              |          |         |
| Put candidates at ease by being friendly and helpful.                                                                                                                                                  |          |         |
| Explained to candidates the purpose, context and benefits of the assessment.                                                                                                                           |          |         |
| Ensured candidates understood the assessment process and all attendant procedures.                                                                                                                     |          |         |
| Provided candidates with an overview of performance criteria to be assessed.                                                                                                                           |          |         |
| Explained the results reporting procedure.                                                                                                                                                             |          |         |
| Encouraged candidates to seek clarifications if in doubt.                                                                                                                                              |          |         |
| Asked candidates for feedback on the assessment.                                                                                                                                                       |          |         |
| Explained legal, safety and ethical issues, if applicable.                                                                                                                                             |          |         |
| <b>After the assessment I have:</b>                                                                                                                                                                    |          |         |
| Ensured candidate is given constructive feedback.                                                                                                                                                      |          |         |
| Completed and signed the assessment record.                                                                                                                                                            |          |         |
| Thanked candidate for participating in the assessment.                                                                                                                                                 |          |         |

## ***Instructions for Recording Competency***

### **Specifications for Recording Competency**

The following specifications apply to the preparation of Evidence Gathering Plans:

- A Competency Recording Sheet must be prepared for each candidate to ensure and demonstrate all Performance Criteria and Competency Elements are appropriately assessed. This Sheet indicates how the Assessor will gather evidence during their assessment of each candidate
- This Competency Recording Sheet is located at the end of the Assessment Plan
- It is the overriding document to record competency
- The Assessor may vary the Competency Recording Sheet to accommodate practical and individual candidate and/or workplace needs
- Assessor must place a tick (✓) in the 'Assessment Method' columns to identify the methods of assessment to be used for each candidate
- Multiple Competency Elements/Performance Criteria may be assessed at the one time, where appropriate
- The assessor and participant should sign and date the Competency Recording Sheet, when all forms of evidence and assessment have been completed
- The assessor may provide and feedback or clarify questions which the participant may have in regards to the assessment grade or findings
- All documents used to capture evidence must be retained, and attached to the Competency Recording Sheet for each candidate for each Competency Unit.

## ***Instructions for Different Assessment Methods***

### **Specifications for Work Project Assessment**

These guidelines concern the use of work projects.

The work projects identified in the Training Manuals involve a range of tasks, to be performed at the discretion of the Assessor.

Work project tasks can be completed through any form of assessment as identified in the Trainer and Trainee Manuals and stated at the start of this section.

Assessors should follow these guidelines:

- Review the Work Projects at the end of each 'Element of Competency' in the Trainee Manual to ensure you understand the content and what is expected
- Prepare sufficient resources for the completion of work activities including:
  - Time – whether in scheduled delivery hours or suggested time participants to spend outside of class hours
  - Resources – this may involve technical equipment, computer, internet access, stationery and other supplementary materials and documents
- Prepare assessment location (if done in class) making it conducive to assessment
- Explain Work Projects assessment to candidate, at the start of each Element of Competency. This ensures that participants are aware of what is expected and can collate information as delivery takes place

- Assessors can use the following phrase as a guide (where an 'X' is identified, please input appropriate information):  
 "At the end of each Element of Competency there are Work Projects which must be completed. These projects require different tasks that must be completed.  
 These work projects are part of the formal assessment for the unit of competency titled X:  
 ■ You are required to complete these activities:  
     a) *Using the 'X' method of assessment*  
     b) *At 'X' location*  
     c) *You will have 'X time period' for this assessment*  
 ■ You are required to compile information in a format that you feel is appropriate to the assessment  
 ■ Do you have any questions about this assessment?"
- Commence Work Project assessment:
  - The assessor may give time for participants to review the questions at this time to ensure they understand the nature of the questions. The assessor may need to clarify questions
  - Participants complete work projects in the most appropriate format
  - Participants must submit Work Project evidence to the assessor before the scheduled due date
- Assessor must assess the participant's evidence against the competency standards specified in each Element of Competency and their own understanding. The assessor can determine if the participant has provided evidence to a 'competent' standard
- Transcribe results/details to Competency Recording Sheet
- Forward/file assessment record.

### ***Specifications for Oral Question Assessment***

These guidelines concern the use of oral questioning.

Assessors should follow these guidelines.

- Prepare Assessment Record for Oral Questioning. One record for each candidate:
  - Enter Student name
  - Enter Assessor name
  - Enter Location
- Familiarise self with Questions to be asked
- Prepare assessment location (table and chairs) making it conducive to assessment
- Explain Oral Questioning assessment to candidate, using the following phrase as a guide (where a 'X' is identified, please input appropriate information):  
*"These oral questions are part of the formal assessment for the unit of competency titled X.*

*There are X questions and you are required to answer all of them to the best of your ability and I will record whether or not you have answered correctly.*

*We have 60 minutes for this assessment.*

- I will give you feedback at the end of the assessment
- Do you have any questions about this assessment?”
- Commence Oral Questioning assessment:
  - Complete Assessment Record for the Oral Questioning by:
    - a) Ticking PC or NYC, as appropriate
    - b) Entering ‘Remarks’ as required
    - c) Completing Oral Questioning within 60 minutes
- Complete Oral Questioning and provide feedback to candidate
- Transcribe results/details to Competency Recording Sheet
- Forward/file assessment record.

### **Specifications for Written Question Assessment**

These guidelines concern the use of written questioning.

Assessors should follow these guidelines:

- Familiarise self with Questions and Answers provided
- Print and distribute copies of ‘Written Questions’ for participants. Ideally this should take place with adequate time for participants to answer all questions before the expected due date
- Explain Written Questioning assessment to candidate, using the following phrase as a guide (where a ‘X’ is identified, please input appropriate information):

“These written questions are part of the formal assessment for the unit of competency titled X.

There are X questions and you are required to answer all of them to the best of your ability.

You may refer to your subject materials, however where possible try to utilise your existing knowledge when answering questions.

Where you are unsure of questions, please ask the Assessor for further instruction. This may be answering the question orally or asking the assessor to redefine the question.

We have X time for this assessment:

- The due date for completion of this assessment is X
- On this date you must forward the completed questions to the assessor by X time on the date of X
- Do you have any questions about this assessment?”
- The assessor may give time for participants to review the questions at this time to ensure they understand the nature of the questions. The assessor may need to clarify questions
- Participants may record written answers (where possible)
- Participants must submit the written answers to the assessor before the scheduled due date

- Assessor must assess the participant's written answers against the model answers provided as a guide, or their own understanding. The assessor can determine if the participant has answered the questions to a 'competent' standard
- Transcribe results/details to Competency Recording Sheet
- Forward/file assessment record.

### ***Specifications for Observation Checklist***

These specifications apply to the use of the Observation Checklist in determining competency for candidates.

Only an approved assessor is authorised to complete the Observation Checklist.

The assessor is required to observe the participant, ideally in a simulated environment or their practical workplace setting and record their performance (or otherwise) of the competencies listed on the Observation Checklist for the Competency Unit.

To complete the Observation Checklist the Assessor must:

- Insert name of candidate
- Insert assessor name
- Insert identify of location where observations are being undertaken
- Insert date/s of observations – may be single date or multiple dates
- Place a tick in either the 'Yes' or 'No' box for each listed Performance Criteria to indicate the candidate has demonstrated/not demonstrated that skill
- Provide written (and verbal) feedback to candidate – as/if appropriate
- Sign and date the form
- Present form to candidate for them to sign and date
- Transcribe results/details to Competency Recording Sheet for candidate
- Forward/file Observation Checklist.

This source of evidence combines with other forms of assessment to assist in determining the 'Pass Competent' or 'Not Yet Competent' decision for the participant.

### ***Specifications for Third Party Statement***

These specifications relate to the use of a relevant workplace person to assist in determining competency for candidates.

The Third Party Statement is to be supplied by the assessor to a person in the workplace who supervises and/or works closely with the participant.

This may be their Supervisor, the venue manager, the Department Manager or similar.

The Third Party Statement asks the Supervisor to record what they believe to be the competencies of the participant based on their workplace experience of the participant. This experience may be gained through observation of their workplace performance, feedback from others, inspection of candidate's work etc.

A meeting must take place between the Assessor and the Third Party to explain and demonstrate the use of the Third Party Statement.

To complete the Third Party Verification Statement the Assessor must:

- Insert candidate name
- Insert name and contact details of the Third Party
- Tick the box to indicate the relationship of the Third Party to the candidate
- Present the partially completed form to the Third Party for them to finalise
- Collect the completed form from the Third Party
- Transcribe results/details to Competency Recording Sheet for candidate
- Forward/file Third Party Statement.

The Third Party must:

- Record their belief regarding candidate ability/competency as either:
  - Pass Competent = Yes
  - Not Yet Competent = No
  - Unsure about whether candidate is competent or not = Not Sure
- Meet briefly with the assessor to discuss and/or clarify the form.

This source of evidence combines with other forms of assessment to assist in determining the 'Pass Competent' or 'Not Yet Competent' decision for the candidate.

A separate Third Party Statement is required for each Competency Unit undertaken by the candidate.

## Competency standard

| <b>UNIT TITLE:</b> IMPLEMENT EVENT MANAGEMENT SYSTEMS AND PROCEDURES                                                                                                                                                                                                                                                                                                                                                                                                                         |  | <b>NOMINAL HOURS:</b> 70                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |

- Quality assurance
- Security and safety
- Stock movement and usage
- And in relation to events these may particularly relate to:
- Preparing event proposals
- Developing event concepts
- Selecting event sites and venues
- Conducting pre-event briefings
- Processing event registrations
- Integrating technological requirements into the event
- Managing the involvement of contractors
- Providing on-site event management services
- Organising infrastructure for outdoor events.

*Develop additional event management systems and procedures* should include:

- Updating systems and procedures that are dated by virtue of organisational changes
- Complying with changes to legislated requirements
- Seeking input from others as to internal needs regarding systems and procedures
- Producing new systems and procedures to address areas previously not covered
- Producing hard copy systems and procedures
- Producing internal documentation, as required, to support the new and revised protocols
- Identifying the purpose and need for new or revised protocols.

- Plan and establish systems and procedures
- Develop and implement operational policies
- Manage special events
- Develop and update tourism industry knowledge
- Establish and maintain a safe and secure workplace
- Maintain the security of premises and property
- Organise functions
- Follow safety and security procedures
- Build and maintain a team approach to service delivery
- Develop conference programs
- Develop and manage business strategies
- Maintain a secure financial accounting system
- Manage contractual agreements/commitments
- Manage and control operational costs
- Lead and manage a development team
- Monitor workplace operations.

#### **Critical Aspects of Assessment**

Evidence of the following is essential:

- Understanding of host enterprise policies and procedures in regard to event management including the supporting systems and procedures essential for the planning and delivery of events

|  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |

| <b>Unit of competency</b> | Implement event management systems and procedures<br>D2.TCS.CL5.16                                                                                                                                                                                                                                                                        |
| <b>Instructions</b>       | <ol style="list-style-type: none"> <li>1. Ask student questions from the attached list to confirm knowledge, as necessary</li> <li>2. Place tick in boxes to reflect student achievement (Pass Competent 'PC' or Not Yet Competent 'NYC')</li> <li>3. Write short-form student answer in the space provided for each question.</li> </ol> |

| Questions                                                                                                                                                               | Response                 |                          |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|--------------------------|
|                                                                                                                                                                         | PC                       | NYC                      |
| 1. Describe how you review identified requirements for an event. Who do you liaise with? What documents do you read?                                                    | <input type="checkbox"/> | <input type="checkbox"/> |
| 2. Tell me about a situation where you have met with relevant personnel to confirm event requirements. What was the event? Who were the people and what was their role? | <input type="checkbox"/> | <input type="checkbox"/> |

| Questions                                                                                                                                                                                                       | Response                 |                          |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|--------------------------|
|                                                                                                                                                                                                                 | PC                       | NYC                      |
| 3. Explain what you do prior to an event to review existing event management systems and procedures. What activities do you engage in? What checks/investigations do you do? Who do you speak with?             | <input type="checkbox"/> | <input type="checkbox"/> |
| 4. Give me an example where you have had to develop additional event management systems and procedures as part of the process of preparing for an event/confirming event requirements. What was needed and why? | <input type="checkbox"/> | <input type="checkbox"/> |
| 5. Why is there a need for you to submit new/additional event management systems and procedures for approval prior to an event?                                                                                 | <input type="checkbox"/> | <input type="checkbox"/> |

| Questions                                                                                                                                                                                                       | Response                 |                          |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|--------------------------|
|                                                                                                                                                                                                                 | PC                       | NYC                      |
| 6. Illustrate with reference to an example how you have communicated event systems and procedures to relevant parties as part of the process of confirming event requirements. Why was there a need to do this? | <input type="checkbox"/> | <input type="checkbox"/> |
| 7. Describe with reference to personal experience what is involved in integrating event management systems and procedures into standard operating procedures of a business for an event. Why is this important? | <input type="checkbox"/> | <input type="checkbox"/> |
| 8. Describe what you did in order to provide training for staff in the application of systems and procedures for an event.                                                                                      | <input type="checkbox"/> | <input type="checkbox"/> |

| Questions                                                                                                                                                                                  | Response                 |                          |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|--------------------------|
|                                                                                                                                                                                            | PC                       | NYC                      |
| 9. Give me two examples of instances where you have applied approved event management systems and procedures to the operation of an event. What were the keys in effective implementation? | <input type="checkbox"/> | <input type="checkbox"/> |
| 10. What data do you capture and record in relation to the conduct of an event? How have you done this? Why was there a need to do it?                                                     | <input type="checkbox"/> | <input type="checkbox"/> |
| 11. With reference to a particular event describe your supervision activities in the implementation of the established systems and procedures for the event.                               | <input type="checkbox"/> | <input type="checkbox"/> |

| Questions                                                                                                                                                                                                                                   | Response                 |                          |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|--------------------------|
|                                                                                                                                                                                                                                             | PC                       | NYC                      |
| 12. Give me two examples of instances where you have needed to take remedial action to address problems or deficiencies in the established systems and procedures for an event. What were the contexts? What happened? How did you respond? | <input type="checkbox"/> | <input type="checkbox"/> |
| 13. With reference to an event you have managed to illustrate your answer explain what you did to evaluate the effectiveness of the systems and procedures used for management of the event.                                                | <input type="checkbox"/> | <input type="checkbox"/> |
| 14. Describe what you do in order to seek feedback on the event management systems and processes used for an event you have managed.                                                                                                        | <input type="checkbox"/> | <input type="checkbox"/> |

| Questions                                                                                                                                                                                  | Response                 |                          |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|--------------------------|
|                                                                                                                                                                                            | PC                       | NYC                      |
| 15. Give me an example of a lesson you have learned from the management of an event which you will use when managing an event in the future. Why do you think this is an important lesson? | <input type="checkbox"/> | <input type="checkbox"/> |

# Written questions

Implement event management systems and procedures – D2.TCS.CL5.16

**Student Name:** \_\_\_\_\_

Answer all the following questions and submit to your Trainer.

- 1. Identify four event requirements you would need to complete as part of procedures for planning.**

---

---

---

---

- 2. When arranging a large awards presentation evening within a hotel, who would be the relevant people you need to consult? List four.**

---

---

---

---

- 3. Identify what is included in an event management plan. List 6 points.**

---

---

---

---

- 4. Identify the tasks that are associated with the breakdown of an event.**

---

---

---

---

5. Give an example of legal requirements which may have to be factored into the development of policies and/or procedures.

---

---

---

---

6. Who should input be sought from before submitting systems and procedures for approval?

---

---

---

---

7. List five generic activities which can help identify areas where new or revised systems or procedures may be required.

---

---

---

---

8. What are the possible reasons listed for conducting training?

---

---

---

---

9. Identify four techniques that can be used to determine skill acquisition and application.

# Answers to written questions

Implement event management systems and procedures – D2.TCS.CL5.16

The following are model answers only – Trainers/Assessors must use discretion when determining whether or not an answer provided by a Student is acceptable or not.

**1. Identify four event requirements you would need to complete as part of procedures for planning.**

Any of the following:

- Timing
- Type of event
- Venue / location considerations
- Size and type of room
- Numbers attending
- Catering
- Technical equipment
- Access
- Bump-in and bump-out
- Themes and decorations
- Security
- Media
- Use of external suppliers
- Room layout.

**2. When arranging a large awards presentation evening within a hotel, who would be the relevant people, you need to consult? List four.**

Any of the following

- Hotel/Venue/Event management staff:
  - Food and Beverage manager
  - Bar manager
  - Restaurant manager
  - Head Housekeeper
  - Entertainment/Event manager
  - Head of Security

- External contractors:
  - Event construction company
  - Security services or contractor
  - Floristry
  - Audio visual (AV)
  - Food and beverage vendors
  - Freight.

**3. Identify what is included in an event management plan. List 6 points.**

Any of the following:

- Staffing requirements
- Security
- Management of external contractors
- Running sheets/running order
- Briefing papers
- Staging elements or requirements
- Catering arrangements
- Liaison with stakeholders
- Guest/delegate management
- Risk management
- Emergency management
- Performance standards and guidelines
- Traffic management
- Specification of control, command and communication structures
- Scopes of responsibility, identification of key contact details for event managers
- Use of technology
- Timing and co-ordination of services, facilities
- Contingency plans.

**4. Identify the tasks that are associated with the breakdown of an event.**

- Identifying time of next event
- Ensure area is clean.

**5. Give an example of legal requirements which may have to be factored into the development of policies and/or procedures.**

Updates or changes to legislation which may have occurred in the past period so currency of compliance is guaranteed.

**6. Who should input be sought from before submitting systems and procedures for approval?**

Relevant stakeholders

**7. List five generic activities which can help identify areas where new or revised systems or procedures may be required.**

Any of the following:

- Reviewing historical information
- Observing current practice
- Conferring with others
- Accessing outside expertise
- Stakeholders' opinions
- Surveying clients and/or prospects
- Determining areas where new or revised systems and procedures are required.

**8. What are the possible reasons listed for conducting training?**

Any of the following:

- Enabling staff to do a job better, safer, quicker and with less waste
- Providing new or upgraded skills, knowledge or attitudes – which can lead to extra hours, more pay or overtime, specialist premium payments or allowances, increased chance of promotion or extra responsibilities
- Compliance with externally imposed requirements – such as meeting the needs for OSH, and licensing and certification requirements
- Compliance with internal requirements.

**9. Identify four techniques that can be used to determine skill acquisition and application.**

- Questioning
- Informal reviews or discussion
- Personal observation
- Checking the quality of finished products.

**10. What possible staff-related issue can occur when business needs to revise or make changes to systems and procedures?**

Where there is a need for the business to revise what has already been a significant change to policies and/or procedures this can be a potentially unsettling time for staff.

**11. Identify four of the financial costs associated with an event.**

Any of the following:

- Food and beverage
- Entertainment
- Labour
- Flowers
- Audio-visual equipment
- Printing
- Decorations
- Dance floor hire.

**12. Identify four documents used to help finalise registrations.**

Any of the following:

- Inward registration correspondence
- Letters of confirmation
- Identify special requirements
- Press releases
- Refund advice
- Conference agenda
- Merchandise and sales items.

**13. What is identified in the notes as ‘the key to achieving anything’?**

Taking action

**14. Identify 4 common methods for supervising implementation of new systems and procedures.**

Any of the following:

- Workplace observation
- Talking to staff
- Feedback from the event co-ordinator
- Talking to customers
- Reading customer comment or feedback forms
- Assessing trading figures
- Checking the extent to which the required documentation is being completed as required.

**15. What is 'the key to supervising progress'?**

Be proactive.

**16. What should you do as soon as you notice a problem or a timing issue?**

You immediately begin to do something to resolve or address the situation.

**17. In what form might you receive feedback on the event management systems and procedures?**

- Verbal
- Written.

**18. What administration documents might need to be completed at the completion of an event by the manager? List four.**

Any of the following:

- Collating feedback from the sources identified in the previous section
- Paying out monies to any entertainers or outside suppliers for services rendered
- Receiving final payment of the client's account in accordance with the terms and conditions set out in the event contract
- Signing off staff time sheets – and ensuring all hours claimed by staff have been authorised
- Checking the facilities to determine if repairs are need, service is required or if replacement items need to be purchased
- Processing payment and posting payment record on account
- Issuing receipt and 'Thank you' letter to the client
- Completing a feedback form which is often the basis for the staff debriefing (explained in the next section) and to be used as a database for up-coming events
- Preparing final comments about the event
- Identifying preferences that may be helpful for future events by the client
- Adding customer comment cards
- Adding photos taken onto a database to be used as a marketing tool
- Finalising all financial documentation including closure of accounts and printing of final accounts and payments
- Storing the account file in an appropriate storage folder or area.

**19. What will staff feedback try to focus on identifying?**

- What went right and how this can be replicated
- What went wrong and what changes need to be made to correct this in the future
- Any ideas or suggestions for improvement.

**20. Debriefing sessions with staff, management and clients provides what information?**

Information to know if the venue has 'got the mix right' and all parties are satisfied with products and services supplied or received.
