

UNIT TITLE: PREPARE STOCK AND SAUCES		NOMINAL HOURS: 30
UNIT NUMBER: D1.HCC.CL2.17		
UNIT DESCRIPTOR: This unit deals with skills and knowledge required by cooks and chefs to prepare a range of high quality stocks and sauces for various cuisines for use in a commercial environment. Note: The application of this unit is critical to all other food production units		
ELEMENTS AND PERFORMANCE CRITERIA	UNIT VARIABLE AND ASSESSMENT GUIDE	
Element 1: Prepare stocks as required for dishes on enterprises menus 1.1 Identify <i>ingredients</i> required to make stock type from standard recipes 1.2 <i>Prepare</i> ingredients appropriate to stock type 1.3 <i>Produce</i> and <i>strain</i> stocks Element 2: Prepare glazes and essences 2.1 <i>Prepare</i> glaze and essences Element 3: Prepare sauces as required for dishes on enterprises menus 3.1 Identify ingredients required to make <i>sauces</i> from standard recipes 3.2 <i>Prepare ingredients</i> appropriate to sauce type 3.3 Produce hot and cold sauces	Unit Variables The Unit Variables provide advice to interpret the scope and context of this unit of competence, allowing for differences between enterprises and workplaces. It relates to the unit as a whole and facilitates holistic assessment This unit applies to all industry sectors that prepare and produce stocks and sauces within the labour divisions of the hotel and travel industries and may include: 1. Food Production <i>Ingredients</i> should include: • Meat • Fish • Poultry • Vegetable • Herbs, spices and flavourings • Sugars • Cultural ingredients • Roux and other thickening agents • Use of standard recipes.	

Element 4: Store stocks and sauces to enterprise requirements 4.1 Follow enterprise <i>cooling</i> procedures for stocks and sauces 4.2 Store stocks and sauces appropriately in correct containers 4.3 Label stocks and sauces correctly 4.4 Ensure appropriate <i>storage</i> equipment conditions are maintained 4.5 Prepare and maintain correct <i>thawing</i> of frozen stocks and sauces 4.6 Ensure correct storage of stocks and sauces <i>after service</i> Element 5: Reconstitute stocks and sauces for service 5.1 Follow correct <i>heating</i> of stocks and sauce to enterprise standards 5.2 Ensure quality of <i>hot holding</i> of stocks and sauces is to enterprise standards	<i>Prepare</i> may be related to: • Vegetables, bones, herbs, spices, flavouring • Cleaning, peeling, cutting, blanching, browning of ingredients • Portioning, measuring • Usable and non usable wastage • Use of standard recipes. <i>Produce</i> should include: • Quantity required • Quality points of colour, aroma, clarity, fat free • Relevant cooking times • Ensuring distinct flavour, colour and consistency as required by various cuisines • Methods of cookery • Use of standard recipes. <i>Strain</i> should include • Straining • Disposal of wastage. <i>Prepare</i> should include: • Methods of cookery • Ensuring distinct flavour, colour, clarity and consistency. <i>Produce</i> sauces will include: • Ingredients and ratio to sauce type • Using convenience products
---	---

	• Classical, contemporary and cultural hot and cold sauces • Derivatives of base sauces • Thickening agents, including roux, beurre manié, egg yolk, starch, cream, bread, sabayon • Various cooking times. <i>Cooling</i> should relate to: • Enterprise and/or local authorities standards • Time and temperature • Clean, sanitised equipment • Chilling equipment if available in enterprise. <i>Store</i> in containers may include: • Size to enable safe handling • Type to suit product, including stainless steel, plastic, glass • Long storage, such as cryovac, buckets • Position in cool storage • Enterprise and local authorities requirements. <i>Label</i> should relate to: • Date of production and/or use by date • Item being stored • Date defrosted if applicable • Reheated, cooled dates • Date of opening product.
--	--

	<i>Storage</i> may include: • Cool room temperature • Cool room placement • Length of time in cool storage • Freezer temperature • Length of time in freezer storage. <i>Thawing</i> may relate to: • Enterprise and local authority requirements • Handling and cool room placement • Changing containers. <i>After service</i> may relate to: • Cooling time temperature • Storage containers • Labelling, including fresh, reheated • Cross contamination, including old stocks of soups versus freshly made soups. <i>Heating</i> should relate to: • Reheating time and temperature • Consistency, temperature, flavour, colour. <i>Hot holding</i> of stocks and sauces may include: • Correct temperature control • Maintaining consistency, temperature, flavour and colour.
--	--

Assessment Guide

The following skills and knowledge must be assessed as part of this unit:

- Knowledge of correct cookery method is demonstrated for each stock and sauce
- Ability to identify food products by sight, taste and consistency
- Ability to match ingredient quality to intended final product/use
- Ability to clean and maintain food working and storage areas
- General occupational health and safety procedures in the workplace
- Ability to demonstrate practical skills in safe equipment/utensil use
- Overview of the relevant legislation in relation to food handling, food storage, chemical storage and general premises food safety.

Linkages To Other Units

- Comply with workplace hygiene procedures
- Implement occupational health and safety procedures
- Prepare and store food
- Work effectively with colleagues and customers
- Maintain strategies for safe food
- Present and display food products
- Apply basic techniques of commercial cookery.

Critical Aspects of Assessment

Evidence of the following is essential:

- Knowledge of the classifications and characteristics of stocks and sauces and the terminology used
- Ability to demonstrate safe and hygienic handling of products

	• Ability to demonstrate appropriate portion control • Ability to demonstrate complementary presentation using garnishes and techniques • Ability to prepare a variety of stocks, sauces, essences and glazes from different recipes, inclusive of various different cultural cuisines and using various cooking methods, within realistic timeframes and constraints • Ability to demonstrate correct knife skills, use of equipment and utensils. Context of Assessment Assessment must ensure: • Access to a range of real food ingredients • Commercial food preparation area with relevant equipment • Service and presentation equipment • Demonstration of skills on more than one occasion. Resource Implications Training and assessment must include access and use to a fully equipped commercial kitchen, use of real ingredients and service equipment; and access to workplace standards, procedures, policies, guidelines, tools and equipment. Assessment Methods The following methods may be used to assess competency for this unit: • Observation of practical candidate performance • Oral and written questions • Third party reports completed by a supervisor • Project and assignment work • Sampling of dishes prepared by the student.

	Key Competencies in this Unit <i>Level 1 = competence to undertake tasks effectively</i> <i>Level 2 = competence to manage tasks</i> <i>Level 3 = competence to use concepts for evaluating</i>		
	Key Competencies	Level	Examples
	Collecting, organising and analysing information	1	Determine requirements of standard recipes and/or menu requirements; collect equipment, commodities and ingredients
	Communicating ideas and information	1	Share information with other staff, including kitchen and floor service staff; provide information to customers
	Planning and organising activities	1	Complete preparation <i>mise-en-place</i> and organise for the production of stock and sauces; work within time constraints in a logical sequence
	Working with others and in teams	1	Work with others cooperatively, including kitchen and floor service staff
	Using mathematical ideas and techniques	1	Calculate quantities and portions against standard recipes and/or menu requirements
	Solving problems	1	Identify and correct problems in the preparation, production and service of stock and sauces
	Using technology	1	Use mechanical kitchen equipment
