

UNIT TITLE: PROCESS A FINANCIAL SALE TRANSACTION					NOMINAL HOURS: 30 hours
UNIT NUMBER: D1.HFO.CL2.05 D1.HFI.CL8.07 D1.HFA.CL7.01 D2.TCC.CL1.12					
UNIT DESCRIPTOR: This unit deals with skills and knowledge required to process financial transactions made by cash or other means, and to reconcile those transactions.					
ELEMENTS AND PERFORMANCE CRITERIA			UNIT VARIABLE AND ASSESSMENT GUIDE		
Element 1: Prepare point of sale area for operation			Unit Variables		
1.1 Prepare point of sale register/terminal for operation			The Unit Variables provide advice to interpret the scope and context of this unit of competence, allowing for differences between enterprises and workplaces. It relates to the unit as a whole and facilitates holistic assessment.		
1.2 Open point of sale register/terminal			This unit applies to processing and reconciling financial transactions made by cash or other means within the labor divisions of the hotel and travel industries and may include:		
1.3 Obtain cash float					
1.4 Ensure supplies of change					
1.5 Obtain supplies of point of sale documentation					
1.6 Clean and tidy the point of sale area and equipment					
Element 2: Process payments and receipts during trade					
2.1 Calculate or verify amount due from customer/guest			Prepare point of sale register/terminal may be related to:		
2.2 Accept cash payments and issue receipts			• turning equipment on		
2.3 Accept non-cash payments and issue receipts			• altering date		
2.4 Process advanced deposits and payments			• updating price/product look up (PLUs) to reflect specials and deals		
2.5 Process refunds			• checking operation of register/terminal		
2.6 Give change as required			• verifying audit roll and/or replacing as required		
			• cleaning register/terminal.		

2.7 Complete <i>required documentation</i> throughout trading to record transactions 2.8 Issue <i>cash internally</i>, as required 2.9 <i>Make cash payments</i> on behalf of the enterprise 2.10 Apply appropriate <i>customer/guest service skills</i> Element 3: Reconcile financial transaction at end of trade 3.1 Close point of sale register/terminal 3.2 <i>Secure</i> point of sale area 3.3 Obtain <i>register/terminal reading</i> 3.4 <i>Count cash</i> in register/terminal 3.5 Calculate non-cash payments/receipts for the period 3.6 <i>Determine balance</i> between register/terminal reading and cash and non-cash totals 3.7 <i>Investigate and resolve discrepancies</i> with takings 3.8 Complete <i>end of shift takings documentation</i> 3.9 Forward documentation and takings to designated location	<i>Open point of sale register/terminal</i> may include: • entering individual staff member operator code • verifying correct operation of register/terminal. <i>Cash float</i> may involve: • verifying contents of float • clarifying and addressing discrepancies • signing for float. <i>Supplies of change</i> could include: • ordering of change and completion of correct documentation • obtaining sufficient notes and coins • exchanging notes for coins • signing for change • securing supplies of change. <i>Point of sale documentation</i> may relate to: • register/terminal audit rolls • register/terminal receipt rolls • receipt book • refund documentation • change ordering documentation • reconciliation documentation • credit card documentation. <i>Amount due</i> may include: • calculating all service fees • ensuring appropriate discounts are given to customers/guests
---	---

	• calculating appropriate taxes, fees and levies • explaining all charges to customers/guests. <i>Cash payments</i> may relate to: • payment in notes and coins • payment in a foreign currency • verifying money presented by customer/guest • calculating currency exchange rates and relevant fees, where applicable. <i>Issue receipts</i> may relate to: • issuing receipts via cash register/terminal • issuing hand written receipt • complying with legal requirements of host country to provide receipt. <i>Non-cash payments</i> may relate to: • debit and credit cards • checks, including personal, business and travelers” checks • electronic funds transfers at point of sale • in-house vouchers • charges to company accounts • foreign currency • making required checks to ensure authenticity of payment option. <i>Advanced deposits and payments</i> may relate to: • accommodation • functions • meals and beverages • room hire and associated charges
--	---

	• pre-payments for assorted events • payment by cash and other means. <i>Process refunds</i> may include: • recording reasons for refund • ensuring refunds are valid • completing required internal documentation • maintaining positive customer/guest relationships • gathering feedback from customer/guest • providing refund in the approved form. <i>Required documentation</i> may include: • internal documentation • external agent documentation. Issuing <i>cash internally</i> may include: • validating documentation and identity of person requesting change/money • adhering to internal policies and procedures • processing required documentation to support the internal transaction • processing disbursements • providing change to other departments and registers/terminals. <i>Make cash payments</i> could include: • checking documentation • verifying authenticity of the charge/payment • obtaining receipt for payments made • forwarding documentation to designated internal department.
--	--

	<i>Customer/guest service skills</i> could relate to: • creating and maintaining positive environment • resolving charging issues and problems • negotiating solutions • providing sales and product advice to customers/guests • maintaining security of cash. Making point of sale <i>secure</i> may include: • standard procedures for cash handling, such as taking cash from customers and providing change to customers • managing floats • removing excess cash from registers/terminals • internal protocols for counting money which may include location, staff members, times, techniques • standard procedures for dealing with customer claims that they have been short-changed • hold-up procedures • internal cash movement protocols • on-site security of cash on the premises. Obtaining <i>register/terminal reading</i> could include: • authorizations to read register/terminals • difference between X and Z readings • using register figures to calculate expected takings for the period. <i>Count cash</i> could relate to: • separating float from other monies • making up float to required amounts and denominations • ensuring security of cash and safety of staff and customers
--	---

	• accuracy of counting • bundling of notes • counting coins into required bags • recording of takings and actual cash sums. <i>Determine balance</i> may include • determining expected totals • calculating actual cash and non-cash takings • comparing expected and actual figures • factoring in relevant documentation such as cash out slips, refunds, disbursements, complimentary sales and excess monies removed from the register/terminal during trade. <i>Investigate and resolve discrepancies</i> may include: • re-counting cash • re-calculating non-cash totals • checking audit roll for comments in relation to over-rings • analyzing sales shown on audit roll • checking with staff to identify possible causes of discrepancies • verifying additions and all documented calculations • checking supporting documents. <i>End of shift takings documentation</i> may include: • completing change order forms • completing daily takings sheets • completing non-cash documentation • signing off from register / terminal.
--	--

	Assessment Guide The following skills and knowledge must be assessed as part of this unit: • knowledge of the enterprise's policies and procedures in regard to cash handling, cash security, transaction processing and cash on premises • the enterprise's policies and procedures in regard to customer service standards and speed of service • accuracy and speed in basic numeracy and arithmetic skills • accuracy and speed in cash counting skills • procedures for processing non-cash payments as accepted by the host enterprise • underpinning knowledge about the reconciliation process • cash security protocols and techniques to ensure correct change is given to customers • documentation security procedures • tax related requirements, fees, charges and levies for purchases as applicable to the host enterprise and the host country. Linkages To Other Units • Perform clerical procedures • Receive and resolve customer complaints • Maintain quality customer/guest service • Maintain financial standards and records • Process a financial transaction for services rendered • Process transactions for purchase of goods and services • Process financial transactions • Conduct a night audit • Provide accommodation reception services. Critical Aspects of Assessment
--	--

	Evidence of the following is essential: • demonstrated ability to apply the requirements of the host enterprise cash handling and cash security policies and procedures • demonstrated ability to open up and close down a point of sale register/terminal • demonstrated ability to process transactions during trade which must include: ▪ accepting cash payment ▪ accepting non-cash payments in all forms accepted by the host enterprise ▪ giving change to customers ▪ processing refunds ▪ making cash payments on behalf of the organization • demonstrated ability to balance takings for a shift/day including cash and non-cash figures • demonstrated ability to resolve discrepancies between expected and actual takings figures • demonstrated ability to ensure the security of cash at register/terminals and in transit between register/terminal and designated internal locations • demonstrated ability to complete require internal documentation associated with cash handling and reconciliation at point of sale registers/terminals. Context of Assessment Assessment must ensure: • actual or simulated workplace application of cash handling, transaction processing and register reconciliation procedures. Resource Implications Training and assessment must include the use of actual cash and non-cash transactions and actual internal documentation used by the host enterprise. Assessment Methods The following methods may be used to assess competency for this unit: • observation of practical candidate performance • simulation
--	--

	• role plays • case studies • oral and written questions • third party reports completed by a supervisor • project and assignment work. Key Competencies in this Unit <i>Level 1 = competence to undertake tasks effectively</i> <i>Level 2 = competence to manage tasks</i> <i>Level 3 = competence to use concepts for evaluating</i> <table border="1"> <thead> <tr> <th>Key Competencies</th><th>Level</th><th>Examples</th></tr> </thead> <tbody> <tr> <td>Collecting, organizing and analyzing information</td><td>1</td><td>Assemble required documentation and data to enable a reconciliation to occur; check figures and documents to assist in resolving discrepancies</td></tr> <tr> <td>Communicating ideas and information</td><td>1</td><td>Explain charges to customers</td></tr> <tr> <td>Planning and organizing activities</td><td>1</td><td>Schedule reconciliation activities</td></tr> <tr> <td>Working with others and in teams</td><td>1</td><td>Cooperate with others in relation to obtaining cash float, change, documentation and information</td></tr> <tr> <td>Using mathematical ideas and techniques</td><td>2</td><td>Calculate change for customers; undertake actual reconciliation activities and calculations</td></tr> <tr> <td>Solving problems</td><td>1</td><td>Reconcile discrepancies between expected and actual takings figures</td></tr> <tr> <td>Using technology</td><td>1</td><td>Use point of sale registers/terminals</td></tr> </tbody> </table>		Key Competencies	Level	Examples	Collecting, organizing and analyzing information	1	Assemble required documentation and data to enable a reconciliation to occur; check figures and documents to assist in resolving discrepancies	Communicating ideas and information	1	Explain charges to customers	Planning and organizing activities	1	Schedule reconciliation activities	Working with others and in teams	1	Cooperate with others in relation to obtaining cash float, change, documentation and information	Using mathematical ideas and techniques	2	Calculate change for customers; undertake actual reconciliation activities and calculations	Solving problems	1	Reconcile discrepancies between expected and actual takings figures	Using technology	1	Use point of sale registers/terminals
Key Competencies	Level	Examples																								
Collecting, organizing and analyzing information	1	Assemble required documentation and data to enable a reconciliation to occur; check figures and documents to assist in resolving discrepancies																								
Communicating ideas and information	1	Explain charges to customers																								
Planning and organizing activities	1	Schedule reconciliation activities																								
Working with others and in teams	1	Cooperate with others in relation to obtaining cash float, change, documentation and information																								
Using mathematical ideas and techniques	2	Calculate change for customers; undertake actual reconciliation activities and calculations																								
Solving problems	1	Reconcile discrepancies between expected and actual takings figures																								
Using technology	1	Use point of sale registers/terminals
