Competency Based Assessment (CBA) – An Introduction for Assessors

Assessment is the process of identifying a participant's current knowledge, skills and attitudes sets against all elements of competency within a unit of competency.

Suggested Assessment Methods

For each unit of competency a number of assessment tools have been identified including:

- Work Projects
- Oral Questions
- Written Questions
- Third Party Statements
- Observation Checklists.

Instructions and Evidence Recording Sheets have been identified in this Assessment Manual for use by Assessors.

Alternative Assessment Methods

Whilst the above mentioned assessment methods are suggested assessment methods, the assessor may use an alternate method of assessment taking into account:

- a) The nature of the unit
- b) The strengths of participants
- c) The number of participants in the class
- d) Time required to complete assessments
- e) Time dedicated to assessment
- f) Equipment and resources required.

Alternate assessment methods include:

- Practical demonstrations
- Practical demonstrations in simulated work conditions
- Problem solving
- Portfolios of evidence
- Critical incident reports
- Journals
- Oral presentations
- Interviews
- Videos
- Visuals/slides/audiotapes
- Case Studies
- Log books

- Projects and Role plays
- Group projects
- Recognition of Prior Learning.

Whilst there is no specific instruction or evidence collection documents for all the alternative assessment methods, assessors can record competency in the 'Other' section within the 'Competency Recording Sheet'.

Selection of Assessment Methods

Each assessor will determine the combination of Assessment Methods to be used to determine Competency for each Competency Unit on a student by student basis.

'Sufficient' evidence to support the 'Pass Competent'/'Not Yet Competent' decision must be captured.

In practice this means a minimum of 2 – 3 Assessment Methods for each candidate for each Competency Element is suggested.

At least one method should provide evidence of practical demonstration of competence.

The following assessment methods deemed to provide evidence of practical demonstration of competence include:

- Practical Work Projects
- Third Party Statement
- Observation Checklist.

Assessing Competency

Competency based assessment does not award grades, but simply identifies if the participant has the knowledge, skills and attitudes to undertake the required task to the specified standard.

Therefore, when assessing competency, an assessor has two possible results that can be awarded:

- 'Pass Competent' (PC)
- 'Not Yet Competent' (NYC).

Pass Competent (PC)

If the participant is able to successfully answer or demonstrate what is required, to the expected standards of the performance criteria, they will be deemed as 'Pass Competent' (PC).

The assessor will award a 'Pass Competent' (PC) if they feel the participant has the necessary knowledge, skills and attitudes in all assessment tasks for a unit.

Not Yet Competent' (NYC)

If the participant is unable to answer or demonstrate competency to the desired standard, they will be deemed to be 'Not Yet Competent' (NYC).

This does not mean the participant will need to complete all the assessment tasks again. The focus will be on the specific assessment tasks that were not performed to the expected standards.

The participant may be required to:

- a) Undertake further training or instruction
- b) Undertake the assessment task again until they are deemed to be 'Pass Competent'.

Regional Qualifications Framework and Skills Recognition System

The 'Regional Qualifications Framework and Skills Recognition System', also known as the 'RQFSRS' is the overriding educational framework for the ASEAN region.

The purpose of this framework is to provide:

- A standardised teaching and assessment framework
- Mutual recognition of participant achievement across the ASEAN region. This includes achievement in individual Units of Competency or qualifications as a whole.

The role of the 'RQFSRS' is to provide, ensure and maintain 'quality assurance' across all countries and educational providers across the ASEAN region.

Recognition of Prior Learning (RPL)

Recognition of Prior Learning is the process that gives current industry professionals who do not have a formal qualification, the opportunity to benchmark their extensive skills and experience against the standards set out in each unit of competency/subject.

This process is a learning and assessment pathway which encompasses:

- Recognition of Current Competencies (RCC)
- Skills auditing
- Gap analysis and training
- Credit transfer.

Code of Practice for Assessors

This Code of Practice provides:

- Assessors with direction on the standard of practice expected of them
- Candidates with assurance of the standards of practice expected of assessors
- Employers with assurance of the standards maintained in the conduct of assessment.

The Code detailed below is based on the International Code of Ethics and Practice (The National Council for Measurement in Education [NCME]):

- The differing needs and requirements of the person being assessed, the local enterprise and/or industry are identified and handled with sensitivity
- Potential forms of conflict of interest in the assessment process and/or outcomes are identified and appropriate referrals are made, if necessary
- All forms of harassment are avoided throughout the planning, conducting, reviewing and reporting of the assessment outcomes
- The rights of the candidate are protected during and after the assessment
- Personal and interpersonal factors that are not relevant to the assessment of competency must not influence the assessment outcomes
- The candidate is made aware of rights and process of appeal
- Evidence that is gathered during the assessment is verified for validity, reliability, authenticity, sufficiency and currency

- Assessment decisions are based on available evidence that can be produced and verified by another assessor
- Assessments are conducted within the boundaries of the assessment system policies and procedures
- Formal agreement is obtained from both the candidate and the assessor that the assessment was carried out in accordance with agreed procedures
- The candidate is informed of all assessment reporting processes prior to the assessment
- The candidate is informed of all known potential consequences of decisions arising from an assessment, prior to the assessment
- Confidentiality is maintained regarding assessment results
- The assessment results are used consistently with the purposes explained to the candidate
- Opportunities are created for technical assistance in planning, conducting and reviewing assessment procedures and outcomes.

Instructions and Checklist for Assessors

Instructions

General instructions for the assessment:

- Assessment should be conducted at a scheduled time that has been notified to the candidate
- Facilitators must ensure participants are made aware of the need to complete assessments and attend assessment sessions
- If a participant is unable to attend a scheduled session, they must make arrangements with the Assessor to undertake the assessment at an alternative time
- At the end of the assessment the Assessor must give feedback and advise the participant on their PC/NYC status
- Complete the relevant documentation and submit to the appropriate department.

Preparation

- Gain familiarity with the Unit of Competency, Elements of Competency and the Performance Criteria expected
- Study details assessment documentation and requirements
- Brief candidate regarding all assessment criteria and requirements.

Briefing checklist

- Begin the assessment by implementing the following checklist and then invite the candidate to proceed with assessment.

Checklist for Assessors

	Tick (✓)	Remarks
Prior to the assessment I have:		
Ensured the candidate is informed about the venue and schedule of assessment.		
Received current copies of the performance criteria to be assessed, assessment plan, evidence gathering plan, assessment checklist, appeal form and the company's standard operating procedures (SOP).		
Reviewed the performance criteria and evidence plan to ensure I clearly understood the instructions and the requirements of the assessment process.		
Identified and accommodated any special needs of the candidate.		
Checked the set-up and resources for the assessment.		
During the assessment I have:		
Introduced myself and confirmed identities of candidates.		
Put candidates at ease by being friendly and helpful.		
Explained to candidates the purpose, context and benefits of the assessment.		
Ensured candidates understood the assessment process and all attendant procedures.		
Provided candidates with an overview of performance criteria to be assessed.		
Explained the results reporting procedure.		
Encouraged candidates to seek clarifications if in doubt.		
Asked candidates for feedback on the assessment.		
Explained legal, safety and ethical issues, if applicable.		
After the assessment I have:		
Ensured candidate is given constructive feedback.		
Completed and signed the assessment record.		
Thanked candidate for participating in the assessment.		

Instructions for Recording Competency

Specifications for Recording Competency

The following specifications apply to the preparation of Evidence Gathering Plans:

- A Competency Recording Sheet must be prepared for each candidate to ensure and demonstrate all Performance Criteria and Competency Elements are appropriately assessed. This Sheet indicates how the Assessor will gather evidence during their assessment of each candidate
- This Competency Recording Sheet is located at the end of the Assessment Plan
- It is the overriding document to record competency
- The Assessor may vary the Competency Recording Sheet to accommodate practical and individual candidate and/or workplace needs
- Assessor must place a tick (✓) in the 'Assessment Method' columns to identify the methods of assessment to be used for each candidate
- Multiple Competency Elements/Performance Criteria may be assessed at the one time, where appropriate
- The assessor and participant should sign and date the Competency Recording Sheet, when all forms of evidence and assessment have been completed
- The assessor may provide and feedback or clarify questions which the participant may have in regards to the assessment grade or findings
- All documents used to capture evidence must be retained, and attached to the Competency Recording Sheet for each candidate for each Competency Unit.

Instructions for Different Assessment Methods

Specifications for Work Project Assessment

These guidelines concern the use of work projects.

The work projects identified in the Training Manuals involve a range of tasks, to be performed at the discretion of the Assessor.

Work project tasks can be completed through any form of assessment as identified in the Trainer and Trainee Manuals and stated at the start of this section.

Assessors should follow these guidelines:

- Review the Work Projects at the end of each 'Element of Competency' in the Trainee Manual to ensure you understand the content and what is expected
- Prepare sufficient resources for the completion of work activities including:
 - Time – whether in scheduled delivery hours or suggested time participants to spend outside of class hours
 - Resources – this may involve technical equipment, computer, internet access, stationery and other supplementary materials and documents
- Prepare assessment location (if done in class) making it conducive to assessment
- Explain Work Projects assessment to candidate, at the start of each Element of Competency. This ensures that participants are aware of what is expected and can collate information as delivery takes place

- Assessors can use the following phrase as a guide (where an 'X' is identified, please input appropriate information):
 "At the end of each Element of Competency there are Work Projects which must be completed. These projects require different tasks that must be completed.
 These work projects are part of the formal assessment for the unit of competency titled X:
 ▪ You are required to complete these activities:
 a) *Using the 'X' method of assessment*
 b) *At 'X' location*
 c) *You will have 'X time period' for this assessment*
 ▪ You are required to compile information in a format that you feel is appropriate to the assessment
 ▪ Do you have any questions about this assessment?"
- Commence Work Project assessment:
 - The assessor may give time for participants to review the questions at this time to ensure they understand the nature of the questions. The assessor may need to clarify questions
 - Participants complete work projects in the most appropriate format
 - Participants must submit Work Project evidence to the assessor before the scheduled due date
- Assessor must assess the participant's evidence against the competency standards specified in each Element of Competency and their own understanding. The assessor can determine if the participant has provided evidence to a 'competent' standard
- Transcribe results/details to Competency Recording Sheet
- Forward/file assessment record.

Specifications for Oral Question Assessment

These guidelines concern the use of oral questioning.

Assessors should follow these guidelines.

- Prepare Assessment Record for Oral Questioning. One record for each candidate:
 - Enter Student name
 - Enter Assessor name
 - Enter Location
- Familiarise self with Questions to be asked
- Prepare assessment location (table and chairs) making it conducive to assessment

- Explain Oral Questioning assessment to candidate, using the following phrase as a guide (where a 'X' is identified, please input appropriate information):
"These oral questions are part of the formal assessment for the unit of competency titled X.
There are X questions and you are required to answer all of them to the best of your ability and I will record whether or not you have answered correctly.
We have 60 minutes for this assessment.
 - I will give you feedback at the end of the assessment
 - Do you have any questions about this assessment?"
- Commence Oral Questioning assessment:
 - Complete Assessment Record for the Oral Questioning by:
 - a) Ticking PC or NYC, as appropriate
 - b) Entering 'Remarks' as required
 - c) Completing Oral Questioning within 60 minutes
- Complete Oral Questioning and provide feedback to candidate
- Transcribe results/details to Competency Recording Sheet
- Forward/file assessment record.

Specifications for Written Question Assessment

These guidelines concern the use of written questioning.

Assessors should follow these guidelines:

- Familiarise self with Questions and Answers provided
- Print and distribute copies of 'Written Questions' for participants. Ideally this should take place with adequate time for participants to answer all questions before the expected due date
- Explain Written Questioning assessment to candidate, using the following phrase as a guide (where a 'X' is identified, please input appropriate information):

"These written questions are part of the formal assessment for the unit of competency titled X.

There are X questions and you are required to answer all of them to the best of your ability.

You may refer to your subject materials, however where possible try to utilise your existing knowledge when answering questions.

Where you are unsure of questions, please ask the Assessor for further instruction. This may be answering the question orally or asking the assessor to redefine the question.

We have X time for this assessment:

- The due date for completion of this assessment is X
- On this date you must forward the completed questions to the assessor by X time on the date of X
- Do you have any questions about this assessment?"

- The assessor may give time for participants to review the questions at this time to ensure they understand the nature of the questions. The assessor may need to clarify questions
- Participants may record written answers (where possible)
- Participants must submit the written answers to the assessor before the scheduled due date
- Assessor must assess the participant's written answers against the model answers provided as a guide, or their own understanding. The assessor can determine if the participant has answered the questions to a 'competent' standard
- Transcribe results/details to Competency Recording Sheet
- Forward/file assessment record.

Specifications for Observation Checklist

These specifications apply to the use of the Observation Checklist in determining competency for candidates.

Only an approved assessor is authorised to complete the Observation Checklist.

The assessor is required to observe the participant, ideally in a simulated environment or their practical workplace setting and record their performance (or otherwise) of the competencies listed on the Observation Checklist for the Competency Unit.

To complete the Observation Checklist the Assessor must:

- Insert name of candidate
- Insert assessor name
- Insert identify of location where observations are being undertaken
- Insert date/s of observations – may be single date or multiple dates
- Place a tick in either the 'Yes' or 'No' box for each listed Performance Criteria to indicate the candidate has demonstrated/not demonstrated that skill
- Provide written (and verbal) feedback to candidate – as/if appropriate
- Sign and date the form
- Present form to candidate for them to sign and date
- Transcribe results/details to Competency Recording Sheet for candidate
- Forward/file Observation Checklist.

This source of evidence combines with other forms of assessment to assist in determining the 'Pass Competent' or 'Not Yet Competent' decision for the participant.

Specifications for Third Party Statement

These specifications relate to the use of a relevant workplace person to assist in determining competency for candidates.

The Third Party Statement is to be supplied by the assessor to a person in the workplace who supervises and/or works closely with the participant.

This may be their Supervisor, the venue manager, the Department Manager or similar.

The Third Party Statement asks the Supervisor to record what they believe to be the competencies of the participant based on their workplace experience of the participant. This experience may be gained through observation of their workplace performance, feedback from others, inspection of candidate's work etc.

A meeting must take place between the Assessor and the Third Party to explain and demonstrate the use of the Third Party Statement.

To complete the Third Party Verification Statement the Assessor must:

- Insert candidate name
- Insert name and contact details of the Third Party
- Tick the box to indicate the relationship of the Third Party to the candidate
- Present the partially completed form to the Third Party for them to finalise
- Collect the completed form from the Third Party
- Transcribe results/details to Competency Recording Sheet for candidate
- Forward/file Third Party Statement.

The Third Party must:

- Record their belief regarding candidate ability/competency as either:
 - Pass Competent = Yes
 - Not Yet Competent = No
 - Unsure about whether candidate is competent or not = Not Sure
- Meet briefly with the assessor to discuss and/or clarify the form.

This source of evidence combines with other forms of assessment to assist in determining the 'Pass Competent' or 'Not Yet Competent' decision for the candidate.

A separate Third Party Statement is required for each Competency Unit undertaken by the candidate.

Internal reports may be prepared in some properties by the Night Auditor but reception staff may be required to generate:

- Arrivals Report
- Departures Report
- No Show Report
- Room Status Report
- Special Requests Report
- Occupancy Forecast Report
- Average Room Rates Report
- Multiple or Double Room Occupancy Report
- Guest List By Name Report
- Guest List By Room Report
- Travel Agents Commission Report
- Special Packages Report
- Market Segment Report
- Rooms Out of Order Report
- Daily Room Revenue Summary Report
- Daily Revenue Summary Report
- Weekly Trading Summary Report
- Monthly Trading Summary Report
- Year-to-Date Report
- In-house Activity Report
- Special reports to address problems, issues and incidents.

	Facilitate night audit relates to: • Preparing documentation for night auditor • Verbally explaining transactions and events for the day • Assisting night auditor with clarification of issues and charges • Performing tasks as directed by night auditor. Assessment Guide The following skills and knowledge must be assessed as part of this unit: • The enterprise's policies and procedures in regard to reservations, guest service standards, cash handling, advanced deposits, refunds, cancellation policy, over-booking, walk-ins, no shows, skippers, security and systems operation • Principles of using manual or computerised front office reservations systems • Ability to handle difficult guests and conflict situations • Understanding of all documents and files used within the manual or electronic front office system that is in operation in the host enterprise • Understanding of all reception records and reports that need to be created, amended, produced, updated and distributed • Product knowledge of all the products and services provided by the host enterprise • Local knowledge • Understanding of the front office as a clearing house for venue information • Understanding of the nature of the relationship that all internal departments have with front office • Understanding of the nature of the relationship that all other industry sectors have with front office.
--	--

Linkages To Other Units

- Operate a computerised reservation system
- Communicate on the telephone
- Develop and update local knowledge
- Process financial transactions
- Maintain financial standards and records
- Process a financial transaction for services rendered
- Process transactions for purchase of goods and services
- Receive and process reservations
- Maintain guests' financial records
- Provide information about in-house services
- Observe and monitor people
- Manage intoxicated persons.

Critical Aspects of Assessment

Evidence of the following is essential:

- Understanding of the critical role played by accommodation reception during guest stays
- Demonstrated ability to apply host enterprise policies and procedures in relation to dealing with guests and processing guest stays
- Demonstrated ability to prepare the accommodation reception area for operation
- Demonstrated ability to check-in guests – individuals, VIPs and groups
- Demonstrated ability to respond effectively and appropriately to guest requests on arrival, during their stay and on departure
- Demonstrated ability to check-out guests – individuals, VIPs and groups, including application of express check-out, where applicable.

- Demonstrated ability to apply appropriate inter-personal, communication, negotiation, dispute resolution and conflict management skills
- Demonstrated ability to update internal accommodation reception records and documentation
- Demonstrated ability to prepare required internal reports.

Context of Assessment

Assessment must ensure:

- Actual or simulated workplace application of accommodation reception duties.

Resource Implications

Training and assessment must include the use of real systems, procedures, documentation and guests; and access to workplace standards, procedures, policies, guidelines, tools and equipment.

Assessment Methods

The following methods may be used to assess competency for this unit:

- Observation of practical candidate performance
- Role plays
- Case studies
- Oral and written questions
- Third party reports completed by a supervisor
- Project and assignment work.

	Key Competencies in this Unit <i>Level 1 = competence to undertake tasks effectively</i> <i>Level 2 = competence to manage tasks</i> <i>Level 3 = competence to use concepts for evaluating</i>		
	Key Competencies	Level	Examples
	Collecting, organising and analysing information	1	Retrieve data from records/systems to determine arrivals and departures; use systems to obtain data for account and records processing
	Communicating ideas and information	2	Greet and fare well guests; explain procedures and services to guests
	Planning and organising activities	1	Prepare for group arrivals and departures; arrange to meet special requests
	Working with others and in teams	1	Cooperate with other staff and establishments to deliver required service standards
	Using mathematical ideas and techniques	1	Determine room availability and calculate guest accounts and charges
	Solving problems	2	Deal with operational problems such as complaints, over-bookings, no shows, walk-ins, and skippers
	Using technology	2	Use computerised reservations system and associated systems

Answers to Written Questions

Provide accommodation reception services – D1.HFO.CL2.03

The following are model answers only – Trainers/Assessors must use discretion when determining whether or not an answer provided by a Student is acceptable or not.

1. What are the 3 most common shifts on the front desk?

Morning 07:00hrs -15.30hrs, Afternoon 15.00hrs - 23:30hrs, Nights 11:00hrs - 07.30hrs.

2. Why is “handover” important?

It provides valuable time for staff to communicate and hand over information.

3. What is the purpose of a reception diary?

To record important information for other staff members.

4. Why do we follow up on uncertain arrivals?

To optimise room sales.

5. What is an arrivals list?

Report printed alphabetically listing all the guests arriving on that day.

6. Suggest 2 tasks that need to be done to prepare for group arrival

- Check all rooms have been allocated correctly for the group
- Check the rooms will all be ready by the arrival time of the group - you might have to contact housekeeping
- Prepare the rooms keys in key envelopes for the group or tour leader
- Make sure any meal vouchers are available with details as to where the restaurants are located and operational times
- Accumulate any mail that has arrived for any of the group guests
- Prepare the registration cards or group registration forms for the group's arrival
- Prepare the front office area for the group arrival. Inform porter of group arrival time to collect their bags from the bus. Set aside an area in the foyer to meet the group and group leader
- Have welcome packs ready for all the guests.

7. Who gets the arrivals list?

- Housekeeping, concierge, security, porters, food and beverage, management and laundry

8. Why should reception staff ensure the guests have a welcoming and professional greeting?

Remember that reception can be the first face-to-face contact with the guest and this meeting can therefore have a lasting impression.

9. What should you confirm with the guest when they arrive to check in?

- Name
- Contact details
- Length of stay
- Departure time
- Method of payment
- Room requested
- Rate quoted
- Special requests
- Any vouchers
- Try to sell one hotel facility.

10. Why does front office need to know about the room and hotel facilities?

In the case of guests who arrive without a reservation.

11. What is a “cash only” guest?

Guests who the establishment doesn’t trust for various reasons:

- Have caused damage to the establishment
- Been drunk and disorderly
- Been noisy
- Harassed staff members or guests
- Been abusive to staff or guests
- Left without paying their account – referred to as a ‘Skipper’.

12. What can the vouchers you receive at check-in be used for?

Some vouchers include additional services such as breakfast, free drink and use of certain facilities such as parking.

13. Why is it important to get the guest signature at registration?

By signing the registration card, the guest is entering into a contract with the property to pay for services it provides.

14. Suggest 3 reasons why you would decline a guest.

Guest who usually do not have a reservation and want to pay by cash. The hotel will take cash up front (one nights' accommodation+ \$100 extra). This also means they are unable to charge expenses back to their room.

14. What is a walk-in?

A 'walk in' is a guest who walks in through the door seeking accommodation for the night without having made a reservation.

15. List 4 duties of a porter.

- Carrying guest luggage to the guest's room
- Escorting guests to their room
- Outlining the hotel's facilities
- Showing guests how to operate equipment within the guest rooms (e.g. air conditioning, television, alarm clock etc.)
- Arranging taxis and parking cars
- Running errands, such as taking and picking up dry cleaning
- Taking messages
- Giving directions
- Storing guest luggage for guests who check out by the designated time but do not depart until later on in the day
- Carrying guest luggage to the guest's room
- Escorting guests to their room
