Competency Based Assessment (CBA) – An Introduction for Assessors

Assessment is the process of identifying a participant's current knowledge, skills and attitudes sets against all elements of competency within a unit of competency.

Suggested Assessment Methods

For each unit of competency a number of assessment tools have been identified including:

- Work Projects
- Oral Questions
- Written Questions
- Third Party Statements
- Observation Checklists.

Instructions and Evidence Recording Sheets have been identified in this Assessment Manual for use by Assessors.

Alternative Assessment Methods

Whilst the above mentioned assessment methods are suggested assessment methods, the assessor may use an alternate method of assessment taking into account:

- a) The nature of the unit
- b) The strengths of participants
- c) The number of participants in the class
- d) Time required to complete assessments
- e) Time dedicated to assessment
- f) Equipment and resources required.

Alternate assessment methods include:

- Practical demonstrations
- Practical demonstrations in simulated work conditions
- Problem solving
- Portfolios of evidence
- Critical incident reports
- Journals
- Oral presentations
- Interviews
- Videos
- Visuals/slides/audiotapes

- Case studies
- Log books
- Projects and Role plays
- Group projects
- Recognition of Prior Learning.

Whilst there is no specific instruction or evidence collection documents for all the alternative assessment methods, assessors can record competency in the 'Other' section within the 'Competency Recording Sheet'.

Selection of Assessment Methods

Each assessor will determine the combination of Assessment Methods to be used to determine Competency for each Competency Unit on a student by student basis.

'Sufficient' evidence to support the 'Pass Competent'/'Not Yet Competent' decision must be captured.

In practice this means a minimum of 2 – 3 Assessment Methods for each candidate for each Competency Element is suggested.

At least one method should provide evidence of practical demonstration of competence.

The following assessment methods deemed to provide evidence of practical demonstration of competence include:

- Practical Work Projects
- Third Party Statement
- Observation Checklist.

Assessing Competency

Competency based assessment does not award grades, but simply identifies if the participant has the knowledge, skills and attitudes to undertake the required task to the specified standard.

Therefore, when assessing competency, an assessor has two possible results that can be awarded:

- 'Pass Competent' (PC)
- 'Not Yet Competent' (NYC).

Pass Competent (PC)

If the participant is able to successfully answer or demonstrate what is required, to the expected standards of the performance criteria, they will be deemed as 'Pass Competent' (PC).

The assessor will award a 'Pass Competent' (PC) if they feel the participant has the necessary knowledge, skills and attitudes in all assessment tasks for a unit.

Not Yet Competent' (NYC)

If the participant is unable to answer or demonstrate competency to the desired standard, they will be deemed to be 'Not Yet Competent' (NYC).

This does not mean the participant will need to complete all the assessment tasks again. The focus will be on the specific assessment tasks that were not performed to the expected standards.

The participant may be required to:

- a) Undertake further training or instruction
- b) Undertake the assessment task again until they are deemed to be 'Pass Competent'.

Regional Qualifications Framework and Skills Recognition System

The 'Regional Qualifications Framework and Skills Recognition System', also known as the 'RQFSRS' is the overriding educational framework for the ASEAN region.

The purpose of this framework is to provide:

- A standardised teaching and assessment framework
- Mutual recognition of participant achievement across the ASEAN region. This includes achievement in individual Units of Competency or qualifications as a whole.

The role of the 'RQFSRS' is to provide, ensure and maintain 'quality assurance' across all countries and educational providers across the ASEAN region.

Recognition of Prior Learning (RPL)

Recognition of Prior Learning is the process that gives current industry professionals who do not have a formal qualification, the opportunity to benchmark their extensive skills and experience against the standards set out in each unit of competency/subject.

This process is a learning and assessment pathway which encompasses:

- Recognition of Current Competencies (RCC)
- Skills auditing
- Gap analysis and training
- Credit transfer.

Code of Practice for Assessors

This Code of Practice provides:

- Assessors with direction on the standard of practice expected of them
- Candidates with assurance of the standards of practice expected of assessors
- Employers with assurance of the standards maintained in the conduct of assessment.

The Code detailed below is based on the International Code of Ethics and Practice (The National Council for Measurement in Education [NCME]):

- The differing needs and requirements of the person being assessed, the local enterprise and/or industry are identified and handled with sensitivity
- Potential forms of conflict of interest in the assessment process and/or outcomes are identified and appropriate referrals are made, if necessary
- All forms of harassment are avoided throughout the planning, conducting, reviewing and reporting of the assessment outcomes

- The rights of the candidate are protected during and after the assessment
- Personal and interpersonal factors that are not relevant to the assessment of competency must not influence the assessment outcomes
- The candidate is made aware of rights and process of appeal
- Evidence that is gathered during the assessment is verified for validity, reliability, authenticity, sufficiency and currency
- Assessment decisions are based on available evidence that can be produced and verified by another assessor
- Assessments are conducted within the boundaries of the assessment system policies and procedures
- Formal agreement is obtained from both the candidate and the assessor that the assessment was carried out in accordance with agreed procedures
- The candidate is informed of all assessment reporting processes prior to the assessment
- The candidate is informed of all known potential consequences of decisions arising from an assessment, prior to the assessment
- Confidentiality is maintained regarding assessment results
- The assessment results are used consistently with the purposes explained to the candidate
- Opportunities are created for technical assistance in planning, conducting and reviewing assessment procedures and outcomes.

Instructions and Checklist for Assessors

Instructions

General instructions for the assessment:

- Assessment should be conducted at a scheduled time that has been notified to the candidate
- Facilitators must ensure participants are made aware of the need to complete assessments and attend assessment sessions
- If a participant is unable to attend a scheduled session, they must make arrangements with the Assessor to undertake the assessment at an alternative time
- At the end of the assessment the Assessor must give feedback and advise the participant on their PC/NYC status
- Complete the relevant documentation and submit to the appropriate department.

Preparation

- Gain familiarity with the Unit of Competency, Elements of Competency and the Performance Criteria expected
- Study details assessment documentation and requirements
- Brief candidate regarding all assessment criteria and requirements.

Briefing Checklist

- Begin the assessment by implementing the following checklist and then invite the candidate to proceed with assessment.

Checklist for Assessors

Prior to the assessment I have:	Tick (✓)	Remarks
Ensured the candidate is informed about the venue and schedule of assessment.		
Received current copies of the performance criteria to be assessed, assessment plan, evidence gathering plan, assessment checklist, appeal form and the company's standard operating procedures (SOP).		
Reviewed the performance criteria and evidence plan to ensure I clearly understood the instructions and the requirements of the assessment process.		
Identified and accommodated any special needs of the candidate.		
Checked the set-up and resources for the assessment.		
During the assessment I have:		
Introduced myself and confirmed identities of candidates.		
Put candidates at ease by being friendly and helpful.		
Explained to candidates the purpose, context and benefits of the assessment.		
Ensured candidates understood the assessment process and all attendant procedures.		
Provided candidates with an overview of performance criteria to be assessed.		
Explained the results reporting procedure.		
Encouraged candidates to seek clarifications if in doubt.		
Asked candidates for feedback on the assessment.		
Explained legal, safety and ethical issues, if applicable.		
After the assessment I have:		
Ensured candidate is given constructive feedback.		
Completed and signed the assessment record.		
Thanked candidate for participating in the assessment.		

Instructions for Recording Competency

Specifications for Recording Competency

The following specifications apply to the preparation of Evidence Gathering Plans:

- A Competency Recording Sheet must be prepared for each candidate to ensure and demonstrate all Performance Criteria and Competency Elements are appropriately assessed. This Sheet indicates how the Assessor will gather evidence during their assessment of each candidate
- This Competency Recording Sheet is located at the end of the Assessment Plan
- It is the overriding document to record competency
- The Assessor may vary the Competency Recording Sheet to accommodate practical and individual candidate and/or workplace needs
- Assessor must place a tick (✓) in the 'Assessment Method' columns to identify the methods of assessment to be used for each candidate
- Multiple Competency Elements/Performance Criteria may be assessed at the one time, where appropriate
- The assessor and participant should sign and date the Competency Recording Sheet, when all forms of evidence and assessment have been completed
- The assessor may provide and feedback or clarify questions which the participant may have in regards to the assessment grade or findings
- All documents used to capture evidence must be retained, and attached to the Competency Recording Sheet for each candidate for each Competency Unit.

Instructions for Different Assessment Methods

Specifications for Work Project Assessment

These guidelines concern the use of work projects.

The work projects identified in the Training Manuals involve a range of tasks, to be performed at the discretion of the Assessor.

Work project tasks can be completed through any form of assessment as identified in the Trainer and Trainee Manuals and stated at the start of this section.

Assessors should follow these guidelines:

- Review the Work Projects at the end of each 'Element of Competency' in the Trainee Manual to ensure you understand the content and what is expected
- Prepare sufficient resources for the completion of work activities including:
 - Time – whether in scheduled delivery hours or suggested time participants to spend outside of class hours
 - Resources – this may involve technical equipment, computer, internet access, stationery and other supplementary materials and documents
- Prepare assessment location (if done in class) making it conducive to assessment
- Explain Work Projects assessment to candidate, at the start of each Element of Competency. This ensures that participants are aware of what is expected and can collate information as delivery takes place

- Assessors can use the following phrase as a guide (where an 'X' is identified, please input appropriate information):
 "At the end of each Element of Competency there are Work Projects which must be completed. These projects require different tasks that must be completed.
 These work projects are part of the formal assessment for the unit of competency titled X:
- You are required to complete these activities:
 - Using the 'X' method of assessment*
 - At 'X' location*
 - You will have 'X time period' for this assessment*
 - You are required to compile information in a format that you feel is appropriate to the assessment
 - Do you have any questions about this assessment?"
- Commence Work Project assessment:
 - The assessor may give time for participants to review the questions at this time to ensure they understand the nature of the questions. The assessor may need to clarify questions
 - Participants complete work projects in the most appropriate format
 - Participants must submit Work Project evidence to the assessor before the scheduled due date
- Assessor must assess the participant's evidence against the competency standards specified in each Element of Competency and their own understanding. The assessor can determine if the participant has provided evidence to a 'competent' standard
- Transcribe results/details to Competency Recording Sheet
- Forward/file assessment record.

Specifications for Oral Question Assessment

These guidelines concern the use of oral questioning.

Assessors should follow these guidelines.

- Prepare Assessment Record for Oral Questioning. One record for each candidate:
 - Enter Student name
 - Enter Assessor name
 - Enter Location
- Familiarise self with Questions to be asked
- Prepare assessment location (table and chairs) making it conducive to assessment
- Explain Oral Questioning assessment to candidate, using the following phrase as a guide (where a 'X' is identified, please input appropriate information):
"These oral questions are part of the formal assessment for the unit of competency titled X.

There are X questions and you are required to answer all of them to the best of your ability and I will record whether or not you have answered correctly.

We have 60 minutes for this assessment.

- I will give you feedback at the end of the assessment
- Do you have any questions about this assessment?”
- Commence Oral Questioning assessment:
 - Complete Assessment Record for the Oral Questioning by:
 - a) Ticking PC or NYC, as appropriate
 - b) Entering ‘Remarks’ as required
 - c) Completing Oral Questioning within 60 minutes
- Complete Oral Questioning and provide feedback to candidate
- Transcribe results/details to Competency Recording Sheet
- Forward/file assessment record.

Specifications for Written Question Assessment

These guidelines concern the use of written questioning.

Assessors should follow these guidelines:

- Familiarise self with Questions and Answers provided
- Print and distribute copies of ‘Written Questions’ for participants. Ideally this should take place with adequate time for participants to answer all questions before the expected due date
- Explain Written Questioning assessment to candidate, using the following phrase as a guide (where a ‘X’ is identified, please input appropriate information):

“These written questions are part of the formal assessment for the unit of competency titled X.

There are X questions and you are required to answer all of them to the best of your ability.

You may refer to your subject materials, however where possible try to utilise your existing knowledge when answering questions.

Where you are unsure of questions, please ask the Assessor for further instruction. This may be answering the question orally or asking the assessor to redefine the question.

We have X time for this assessment:

- The due date for completion of this assessment is X
- On this date you must forward the completed questions to the assessor by X time on the date of X
- Do you have any questions about this assessment?”
- The assessor may give time for participants to review the questions at this time to ensure they understand the nature of the questions. The assessor may need to clarify questions
- Participants may record written answers (where possible)
- Participants must submit the written answers to the assessor before the scheduled due date

- Assessor must assess the participant's written answers against the model answers provided as a guide, or their own understanding. The assessor can determine if the participant has answered the questions to a 'competent' standard
- Transcribe results/details to Competency Recording Sheet
- Forward/file assessment record.

Specifications for Observation Checklist

These specifications apply to the use of the Observation Checklist in determining competency for candidates.

Only an approved assessor is authorised to complete the Observation Checklist.

The assessor is required to observe the participant, ideally in a simulated environment or their practical workplace setting and record their performance (or otherwise) of the competencies listed on the Observation Checklist for the Competency Unit.

To complete the Observation Checklist the Assessor must:

- Insert name of candidate
- Insert assessor name
- Insert identify of location where observations are being undertaken
- Insert date/s of observations – may be single date or multiple dates
- Place a tick in either the 'Yes' or 'No' box for each listed Performance Criteria to indicate the candidate has demonstrated/not demonstrated that skill
- Provide written (and verbal) feedback to candidate – as/if appropriate
- Sign and date the form
- Present form to candidate for them to sign and date
- Transcribe results/details to Competency Recording Sheet for candidate
- Forward/file Observation Checklist.

This source of evidence combines with other forms of assessment to assist in determining the 'Pass Competent' or 'Not Yet Competent' decision for the participant.

Specifications for Third Party Statement

These specifications relate to the use of a relevant workplace person to assist in determining competency for candidates.

The Third Party Statement is to be supplied by the assessor to a person in the workplace who supervises and/or works closely with the participant.

This may be their Supervisor, the venue manager, the Department Manager or similar.

The Third Party Statement asks the Supervisor to record what they believe to be the competencies of the participant based on their workplace experience of the participant. This experience may be gained through observation of their workplace performance, feedback from others, inspection of candidate's work etc.

A meeting must take place between the Assessor and the Third Party to explain and demonstrate the use of the Third Party Statement.

To complete the Third Party Verification Statement the Assessor must:

- Insert candidate name
- Insert name and contact details of the Third Party
- Tick the box to indicate the relationship of the Third Party to the candidate
- Present the partially completed form to the Third Party for them to finalise
- Collect the completed form from the Third Party
- Transcribe results/details to Competency Recording Sheet for candidate
- Forward/file Third Party Statement.

The Third Party must:

- Record their belief regarding candidate ability/competency as either:
 - Pass Competent = Yes
 - Not Yet Competent = No
 - Unsure about whether candidate is competent or not = Not Sure
- Meet briefly with the assessor to discuss and/or clarify the form.

This source of evidence combines with other forms of assessment to assist in determining the 'Pass Competent' or 'Not Yet Competent' decision for the candidate.

A separate Third Party Statement is required for each Competency Unit undertaken by the candidate.

Competency standard

UNIT TITLE: PRODUCE TRAVEL DOCUMENTATION ON A COMPUTER		NOMINAL HOURS: 30
UNIT NUMBER: D2.TTA.CL2.15		
UNIT DESCRIPTOR: This unit deals with skills and knowledge required to produce air and non-air travel documentation on a computer to reflect itineraries constructed and sold by sales staff		
ELEMENTS AND PERFORMANCE CRITERIA	ELEMENTS AND PERFORMANCE CRITERIA	
Element 1: Interpret information required for processing non-air travel documentation 1.1 Identify deadline for preparation and dispatch of <i>non-air documentation</i> 1.2 Interpret existing <i>reservation data</i> held for the customer to correctly identify all customer details 1.3 Identify and correctly interpret details of specific products and services which have been sold and confirmed to the customer 1.4 Identify confirmed bookings held for customers and costs quoted by product and service <i>suppliers</i> 1.5 Identify <i>sources of general information</i> required to correctly issue all required documents	Unit Variables The unit variables provide advice to interpret the scope and context of this unit of competence, allowing for differences between enterprises and workplaces. It relates to the unit as a whole and facilitates holistic assessment. This unit applies to all industry sectors that need to produce travel documentation for customers and/or tour delivery staff within the labour divisions of the hotel and travel industries and may include: 1. Travel Agencies 2. Tour Operation <i>Non-air documentation</i> may include: • Accommodation vouchers • Bus/coach or other forms of transportation tickets • Car hire/motor home vouchers • Cruise vouchers • Tour vouchers	

1.6 Check payment status and take appropriate action 1.7 Check for and report any discrepancies in costs quoted to the customer and actual cost of services and take follow-up action required to collect any shortfall Element 2: Process non-air travel documentation 2.1 Prepare complete and accurate documentation <i>within designated timeframes</i> 2.2 <i>Record all required details</i> with complete accuracy on all documentation 2.3 Make appropriate calculations and record any required costs on documents 2.4 <i>Action payment required by the supplier</i> at the appropriate time in accordance with host enterprise procedures 2.5 Check all documentation for accuracy prior to issue and amend as necessary 2.6 Process, file and dispatch <i>copies of documents</i> in accordance with host enterprise and supplier procedures and requirements 2.7 Dispatch documents according to customer and <i>host enterprise requirements</i>	• Vouchers for attractions/theme park entry • Vouchers for any tourism product or service • Meeting or event confirmation letters • Delegate information packs • Travel insurance documentation • Confirmation vouchers • Visa forms • Visas • Passport forms • Traveller's cheque requests • Passenger itineraries • Operational itineraries for crews including tourist guides, drivers and tour managers • Briefing notes for crews • Passenger lists • Rooming lists • Pro-formas • Sales returns. <i>Reservation data may include:</i> • Dates and times • Customer names • Age of customers • Contact details of customers
--	--

Element 3: Interpret information required for processing air travel documentation	• Number of customers • Agent details, where relevant • Address for delivery of documents • Date for required delivery of documents • Type of transport, accommodation • Name of carrier • Customer preferences • Special requests • Seating and/or room allocation. <i>Suppliers may include:</i> • Internal suppliers • External suppliers • Carriers. <i>Sources of general information may include:</i> • Timetables • Brochures • Price schedules • Contracts with suppliers, providers and carriers • Computerised reservation systems • Database of product suppliers and their details • Internet sites • Visa guides.
3.1 Identify deadline for ticketing and dispatch of <i>air documentation</i> and <i>tickets</i>	
3.2 Identify and interpret reservation data held on the customer file	
3.3 Identify and interpret details of <i>specific air itineraries</i> which have been sold and confirmed to the customer	
3.4 Check the air itinerary to ensure that it complies with the <i>conditions applicable to the particular air fare</i>	
3.5 <i>Check the constructed airfare</i> to ensure it has been costed with complete accuracy	
3.6 Check the file to ensure that customer payment has been received	
3.7 Report any discrepancies in costs quoted to the customer and actual cost of ticket and take any follow-up action required to collect any shortfall	
Element 4: Process air travel documentation	
4.1 Record all details on air documents according to the <i>relevant airfare information</i> and <i>regulations governing the issuance of the ticket</i>	

4.2 Process coupons in accordance with host enterprise, regulatory and billing and settlement plan procedures 4.3 Process any required refunds in accordance with host enterprise, regulatory and billing and settlement plan procedures 4.4 Dispatch tickets in a timely manner and according to host enterprise procedures	<i>Within designated timeframes</i> refers to: • Compliance with details recorded in the reservation data. <i>Record all required details</i> must include: • Following the user instructions that apply to the computer system in use • Completing all required fields • Observing all security and privacy protocols • Verifying that all required entries have been made. <i>Action payment required by the supplier</i> may include: • Requesting payment from the accounts department, including processing of cheque, requisition or purchase order • Self-administering the payment, including: ▪ Issuing a miscellaneous charges order ▪ Sending payment by cheque ▪ Paying via electronic transmission. <i>Copies of documents</i> may be supplied to: • The relevant internal filing system • The accounts department • Operational personnel involved in tour delivery • The supplier of the service to which the document applies. <i>Host enterprise requirements</i> may include: • Security of the documents • Designated method of forwarding documentation • Recording evidence of sending of documents • Capturing evidence that the customer has received the documents.
--	---

	<i>Air documentation</i> may include: • Tickets • Miscellaneous charge orders • Credit card charge forms • Exchange tickets • Reservation alterations and re-validation stickers • Pre-paid ticket advices. <i>Tickets</i> to be issued may be: • Domestic • International • Four-stage tickets • Conjunction tickets. <i>Specific air itineraries</i> may include: • Dates and times • Carriers • Flight numbers • Seating allocations • Class • Destinations • Connections.
--	--

	<i>Conditions applicable to the particular air fare may include:</i> • Payment deadline • Ticketing deadline • Extension ticketing deadline • Cancellation charges • Availability of any type of change to the air itinerary • Availability of changes to class of air travel • Amendment fees • Baggage allowance • Excess baggage charges. <i>Check the constructed airfare</i> refers to checking coverage of the applicable fares which may include: • Sector fares • Through fares • Mixed class fares • Promotional fares • Round, circle and open jaw trips • Fares incorporating open-dated travel and surface segments • Fares incorporating non-stop, direct and connecting services • Fares incorporating airport and other taxes. <i>Relevant airfare information</i> may include: • Fares, fare basis and fare rules, including fare types and classes
--	---

	• Airport codes • Airline codes • City codes • Normal fares • Discounted fares, including infants, children, students, pensioners and groups • Fares for unaccompanied children • Promotional fares and packages • Taxes, including domestic head tax, noise tax, Goods and Services Tax (GST) and other relevant taxes and government charges applicable to the host country, including regional requirements, where applicable • General air travel rules and restrictions of the host country, including regional requirements, where applicable • Terms and conditions applicable to specific fares which may include: ▪ Payment and ticketing deadlines ▪ Extensions to standard ticketing deadlines ▪ Cancellation charges and other penalties ▪ Availability of any type of change to the air itinerary ▪ Availability of changes to class of travel ▪ Availability of changes to origin or destination ▪ Amendment fees ▪ Over-booking and applicable compensation ▪ Limitations of liability ▪ Insurance ▪ Refund and transferability of ticket details
--	---

	▪ Baggage allowances, including charges for excess baggage ▪ Security requirements, including searches and dangerous goods ▪ Restrictions on items that can be carried in baggage in the hold of the aircraft, including restrictions on items that can be taken on-board by passengers ▪ Check-in requirements, options and times, including information relating to fare forfeiture. <i>Regulations governing the issuance of the ticket may include:</i> • International Air Transport Association (IATA) requirements and procedures • Billing and Settlement Plan (BSP) requirements. Assessment Guide The following skills and knowledge must be assessed as part of this unit: • Enterprise policies and procedures in regard to the production of travel documentation • Principles of itinerary construction, including currency conversions • Principles governing the production and provision of travel documentation • Knowledge of host country requirements in relation to the production and supply of travel documentation • Knowledge of the relationships that exist between different sections of the travel industry and their requirements in relation to acceptable travel documents • Knowledge and interpretation of fares and applicable rules and regulations • Knowledge of international air transport association and billing and settlement plan requirements and procedures • Knowledge of mandatory computer fields relating to production of travel documentation • Ability to use the computer system used by the host enterprise to produce travel documentation • Ability to interpret information contained on customer files.
--	---

Linkages To Other Units

- Access and retrieve computer-based data
- Produce documents, reports and worksheets on a computer
- Maintain a paper-based filing and retrieval system
- Prepare business documents
- Maintain financial standards and records
- Develop and update tourism industry knowledge
- Operate a computerised reservation system
- Access and interpret product information
- Administer a billing and settlement plan
- Apply advance airfare rules and procedures
- Book and co-ordinate supplier services
- Construct and ticket a non-air travel plan
- Construct and ticket domestic airfares
- Construct and ticket promotional international airfares
- Construct and ticket regular international airfares
- Maintain contacts with handling agents.

Critical Aspects of Assessment

Evidence of the following is essential:

- Understanding of host enterprise policies and procedures in regard to the production of travel documentation
- Demonstrated ability to interpret, confirm and/or clarify travel information as the basis for processing one domestic set of non-air travel documentation for a nominated booking

	• Demonstrated ability to interpret, confirm and/or clarify travel information as the basis for processing one international set of non-air travel documentation for a nominated booking • Demonstrated ability to interpret, confirm and/or clarify travel information as the basis for processing one domestic set of air travel documentation for a nominated booking • Demonstrated ability to interpret, confirm and/or clarify travel information as the basis for processing one international set of air travel documentation for a nominated booking • Demonstrated ability to accurately produce a comprehensive set of documentation to support one nominated domestic non-air travel booking • Demonstrated ability to accurately produce a comprehensive set of documentation to support one nominated international non-air travel booking • Demonstrated ability to accurately produce a comprehensive set of documentation to support one nominated domestic air travel booking • Demonstrated ability to accurately produce a comprehensive set of documentation to support one nominated international air travel booking. Context of Assessment This unit may be assessed on or off the job: • Assessment should include practical demonstration either in the workplace or through a simulation activity, supported by a range of methods to assess underpinning knowledge • Assessment must relate to the individual's work area or area of responsibility. Resource Implications Training and assessment to include access to a real or simulated workplace and equipment; and access to workplace standards, procedures, policies, guidelines, tools and equipment. Assessment Methods The following methods may be used to assess competency for this unit: • Case studies • Observation of practical candidate performance
--	--

- Oral and written questions
- Analysis of a portfolio of evidence, including travel documentation produced by the candidate
- Problem solving
- Role plays involving interaction with customers as part of the interpretation process prior to documentation production
- Third party reports completed by a supervisor
- Project and assignment work.

Key Competencies in this Unit

Level 1 = competence to undertake tasks effectively

Level 2 = competence to manage tasks

Level 3 = competence to use concepts for evaluating

Key Competencies	Level	Examples
Collecting, organising and analysing information	3	Confirm reservation and payment details
Communicating ideas and information	2	Explain variances to the customer
Planning and organising activities	2	Schedule production of travel documentation to meet customer time-related needs
Working with others and in teams	3	Liaise with suppliers, providers and carriers
Using mathematical ideas and techniques	3	Confirm costs and prices quoted; calculate extra payments required

	Solving problems	2	Resolve booking problems and issues
	Using technology	2	Use a computer to generate travel documentation and retrieve booking details

Oral questions

Student name	
Assessor name	
Location/venue	
Unit of competency	Produce travel documentation on a computer D2.TTA.CL2.15
Instructions	1. Ask student questions from the attached list to confirm knowledge, as necessary 2. Place tick in boxes to reflect student achievement (Pass Competent 'PC' or Not Yet Competent 'NYC') 3. Write short-form student answer in the space provided for each question.

Questions	Response	
	PC	NYC
1. How can you identify the deadline for preparing and dispatching non-air travel documentation?	☐	☐
2. Why is it important to ensure you collect complete and accurate customer information?	☐	☐

Questions	Response	
	PC	NYC
3. What are examples of non-air related products and services that can be provided to customers?	☐	☐
4. How can you identify confirmed bookings of products or services suppliers have sold to customers?	☐	☐
5. What are examples of office generated information that would be gathered by tourism companies to help facilitate customer enquiries and bookings?	☐	☐

Questions	Response	
	PC	NYC
6. Why is it important to regularly check payment status of customer accounts?	☐	☐
7. What should you do if the customer has underpaid? What should happen if you noticed they have overpaid?	☐	☐
8. How can you ensure documentation is complete and accurate on a regular basis?	☐	☐

Questions	Response	
	PC	NYC
9. What information is contained within a 'customer file number'?	☐	☐
10. Why is it important to determine and record travel costs accurately?	☐	☐
11. Why is it important to pay suppliers in a timely manner?	☐	☐

Questions	Response	
	PC	NYC
12. Why is it important to check all documentation for accuracy prior to issue?	☐	☐
13. What are examples of operational documents and materials that may be prepared and sent to customers?	☐	☐
14. What are considerations when dispatching travel documents to customers?	☐	☐

Questions	Response	
	PC	NYC
15. How can you identify deadline for ticketing and dispatch of air documentation and tickets?	☐	☐
16. Why is it important to identify and interpret reservation data held on the customer file?	☐	☐
17. What are the benefits of reviewing specific air itineraries of customers?	☐	☐

Questions	Response	
	PC	NYC
18. How do airfares and conditions vary between domestic and international flights?	☐	☐
19. How can you check the constructed airfare to ensure it has been costed with complete accuracy?	☐	☐
20. Why is it important to ensure air tickets have been paid?	☐	☐

Questions	Response	
	PC	NYC
21. Who should costing discrepancies be reported to?	☐	☐
22. What is the role of the International Air Transport Association (IATA)?	☐	☐
23. What information is normally recorded on an air e-ticket?	☐	☐

Questions	Response	
	PC	NYC
24. What are the common methods to process air-related refunds?	☐	☐
25. Why is it important to dispatch air-related tickets in a timely manner?	☐	☐

Written questions

Produce travel documentation on a computer – D2.TTA.CL2.15

Student Name: _____

Answer all the following questions and submit to your Trainer.

1. What are examples of non-air travel documentation prepared or collected by travel companies?

2. What are types of customer reservation data that must be collected?

3. What information relating to a customer's hotel accommodation would you need to identify?

4. What are types of suppliers that may supply to tourism products and services?

5. What are examples of sources of general tourism information that can be used to help facilitate customer bookings?

6. What are examples of financial transactions managed by travel operators?

7. What are common reasons for discrepancies in travel costs?

8. What are the three key factors in identifying the time frame for completion of documentation?

9. What types of information storage methods are commonly used to record the detail of the products and services booked, their status and other relevant customer details?

10. What information should be documented to determine costs accurately?

11. What are different ways a travel organisation can pay suppliers?

12. What is the purpose of having travel documents?

13. What are examples of travel company documents and materials that may be prepared and sent to customers?

14. What are methods to dispatch documents?

15. What are types of air documentation that need to be dispatched to customers?

16. What are common data errors that need to be checked when interpreting reservation data?

17. What information would you identify when reviewing specific air itineraries of customers?

18. What are conditions that apply to airfares?

19. What aspects of the constructed airfare should be checked to accurately provide a costing for a customer?

20. How can air tickets be paid by a travel organisation?

21. What are examples of corrective action that can be taken in the event of discrepancies?

22. What relevant airfare information should be recorded?

23. What are the ways to issue E-Tickets?

24. Where changes take place to a travel booking, what will you need to check?

25. What is the latest time in which air-related documents should be dispatched?

Answers to written questions

Produce travel documentation on a computer – D2.TTA.CL2.15

The following are model answers only – Trainers/Assessors must use discretion when determining whether or not an answer provided by a Student is acceptable or not.

1. What are examples of non-air travel documentation prepared or collected by travel companies?

- Accommodation vouchers
- Bus/coach or other forms of transportation tickets
- Car hire/motor home vouchers
- Cruise vouchers
- Tour vouchers
- Vouchers for attractions/theme park entry
- Vouchers for any tourism product or service
- Meeting or event confirmation letters
- Delegate information packs
- Travel insurance documentation
- Confirmation vouchers
- Visa forms
- Visas
- Passport forms
- Traveller's cheque requests
- Passenger itineraries
- Operational itineraries for crews including tourist guides, drivers and tour managers
- Briefing notes for crews
- Passenger lists
- Rooming lists
- Pro-formas
- Sales returns.

- 2. What are types of customer reservation data that must be collected?**
 - Dates and times
 - Customer names
 - Age of customers
 - Contact details of customers
 - Number of customers
 - Agent details, where relevant
 - Address for delivery of documents
 - Date for required delivery of documents
 - Type of transport, accommodation
 - Name of carrier
 - Customer preferences
 - Special requests
 - Seating and/or room allocation.
- 3. What information relating to a customer's hotel accommodation would you need to identify?**
 - Property name and location
 - Room type and category
 - Number of nights; in and out dates
 - Inclusions, for example - meals, arrival drinks
 - Special requests, for example - cot, double bed.
- 4. What are types of suppliers that may supply to tourism products and services?**
 - Principals/suppliers
 - Wholesalers/ tour operator
 - Inbound tour operators
 - Airlines, coach companies and rail
 - Retail
 - Ticket consolidators
 - State and regional tourism authorities
 - Conference, event and incentive companies.

- 5. What are examples of sources of general tourism information that can be used to help facilitate customer bookings?**
 - Timetables
 - Brochures
 - Price schedules
 - Contracts with suppliers, providers and carriers
 - Computerised reservation systems
 - Database of product suppliers and their details
 - Internet sites
 - Visa guides.
- 6. What are examples of financial transactions managed by travel operators?**
 - Receiving money from customers
 - Processing payments for goods and services purchased for customers and office
 - Handling refunds.
- 7. What are common reasons for discrepancies in travel costs?**
 - The fare has expired
 - The fare is no longer valid
 - The taxes have increased
 - Consultant error when quoting and/or when booking.
- 8. What are the three key factors in identifying the time frame for completion of documentation?**
 - When the booking is made
 - When the passenger departs
 - When final payment has been received.
- 9. What types of information storage methods are commonly used to record the detail of the products and services booked, their status and other relevant customer details?**
 - A totally manual system
 - A totally electronic system
 - A combination of both – most common.
- 10. What information should be documented to determine costs accurately?**
 - The confirmed items
 - Applicable prices in local currency
 - The fact that they are to be paid for direct by the customer.

11. What are different ways a travel organisation can pay suppliers:

- Cheque
- Electronic payment
- Smart money – Tias Tips
- MoneyDirect
- BPay
- ENETT – via internet site or CRS
- Credit card.

12. What is the purpose of having travel documents?

- It details for the customer exactly what has been booked and confirmed and for whom
- It advises the customer who will be providing the service
- It provides additional information for the customer in relation to the utilization of the product or service
- It contains reference information for the supplier or operator providing the service.

13. What are examples of travel company documents and materials that may be prepared and sent to customers?

- Confirmation letters
- Flight itinerary
- Final itinerary
- Itinerary updates
- Invoice/Statement of account
- Receipts
- Welcome home letters
- Rail/coach tickets (eTickets)
- Airline tickets (eTickets)
- Insurance policies
- Car/hotel/tour vouchers
- Maps
- Custom and immigration forms
- Visa forms
- Passport forms
- Dossier
- Refund letter/credit note.

14. What are methods to dispatch documents?

- Face to face
- Email – PDF or similar files
- Registered mail
- Post Express
- Courier or personal delivery.

15. What are types of air documentation that need to be dispatched to customers?

- Tickets
- Miscellaneous charge orders
- Credit card charge forms
- Exchange tickets
- Reservation alterations and re-validation stickers
- Pre-paid ticket advices.

16. What are common data errors that need to be checked when interpreting reservation data?

Commonly, the following errors may be detected:

- The surname is incorrectly spelt e.g. Barry and Barrie
- The first name is a nick name and not a registered name
- The title does not match the passport e.g. Mr and Dr
- The ages are incorrect e.g. booked as infant and age is a child
- The name is a married name however the passport or photo ID is in the person's maiden name.

17. What information would you identify when reviewing specific air itineraries of customers?

- Airline or combination of airlines
- Flight numbers
- Date of booking
- Date of travel
- Time of travel
- Date of departure
- Destinations
- Routing
- Origin and destination
- Flight numbers
- Code share flights
- Class of travel
- Stopovers

- Mileage restrictions
- Minimum and maximum stays
- Combinations
- Ticketing time limit
- Payment conditions
- Taxes.

18. What are conditions that apply to airfares?

- Payment deadline
- Ticketing deadline
- Extension ticketing deadline
- Cancellation charges
- Availability of any type of change to the air itinerary
- Availability of changes to class of air travel
- Amendment fees
- Baggage allowance
- Excess baggage charges.

19. What aspects of the constructed airfare should be checked to accurately provide a costing for a customer?

- Sector fares
- Through fares
- Mixed class fares
- Promotional fares
- Round, circle and open jaw trips
- Fares incorporating open-dated travel and surface segments
- Fares incorporating non-stop, direct and connecting services
- Fares incorporating airport and other taxes.

20. How can air tickets be paid by a travel organisation?

- Passenger's Credit Card (CCCF)
- Billing Settlement Plan (BSP)
- Ticket Consolidator.

21. What are examples of corrective action that can be taken in the event of discrepancies?

- Check that all receipts have been correctly allocated to the file
- Correct, via journal or office specific entry, any incorrectly allocated money
- Process credit cards where this has not been done
- Reserve any item, product or service that has not been booked.

22. What relevant airfare information should be recorded?

- Fares, fare basis and fare rules, including fare types and classes
- Airport codes
- Airline codes
- City codes
- Normal fares
- Discounted fares, including infants, children, students, pensioners and groups
- Fares for unaccompanied children
- Promotional fares and packages
- Taxes, including domestic head tax, noise tax, Goods and Services Tax (GST) and other relevant taxes and government charges
- General air travel rules and restrictions of the host country.

23. What are the ways to issue E-Tickets?

- Issue at time of booking using an online airline travel agents website
- Issue via a CRS/GDS using the ticketing facility
- Issue via a Ticket Consolidator e.g. Concorde International
- Issue via the airline e.g. a group.

24. Where changes take place to a travel booking, what will you need to check?

- Departure date
- The booking status
- The financial status of the booking
- Cancellation and amendment fees
- Documentation including air tickets.

25. What is the latest time in which air-related documents should be dispatched?

- 2 weeks prior to departure.
-

Observation checklist

Student name	
Assessor name	
Location/venue	
Unit of competency	Produce travel documentation on a computer D2.TTA.CL2.15
Dates of observation	
Instructions	- Over a period of time observe the student completing each of the following tasks: - Interpret information required for processing non-air travel documentation - Process non-air travel documentation - Interpret information required for processing air travel documentation - Process air travel documentation - Enter the date on which the tasks were undertaken - Place a tick in the box to show they completed each aspect of the task to the standard expected in the enterprise - Complete the feedback sections of the form, if required.

Did the candidate	Yes	No
Element 1: Interpret information required for processing non-air travel documentation		
Identify deadline for preparation and dispatch of non-air documentation	☐	☐
Interpret existing reservation data held for the customer to correctly identify all customer details	☐	☐
Identify and correctly interpret details of specific products and services which have been sold and confirmed to the customer	☐	☐
Identify confirmed bookings held for customers and costs quoted by product and service suppliers	☐	☐
Identify sources of general information required to correctly issue all required documents	☐	☐
Check payment status and take appropriate action	☐	☐

Did the candidate	Yes	No
Check for and report any discrepancies in costs quoted to the customer and actual cost of services and take follow-up action required to collect any shortfall	☐	☐
Element 2: Process non-air travel documentation		
Prepare complete and accurate documentation within designated timeframes	☐	☐
Record all required details with complete accuracy on all documentation	☐	☐
Make appropriate calculations and record any required costs on documents	☐	☐
Action payment required by the supplier at the appropriate time in accordance with host enterprise procedures	☐	☐
Check all documentation for accuracy prior to issue and amend as necessary	☐	☐
Process, file and dispatch copies of documents in accordance with host enterprise and supplier procedures and requirements	☐	☐
Dispatch documents according to customer and host enterprise requirements	☐	☐
Element 3: Interpret information required for processing air travel documentation		
Identify deadline for ticketing and dispatch of air documentation and tickets	☐	☐
Identify and interpret reservation data held on the customer file	☐	☐
Identify and interpret details of specific air itineraries which have been sold and confirmed to the customer	☐	☐
Check the air itinerary to ensure that it complies with the conditions applicable to the particular air fare	☐	☐
Check the constructed airfare to ensure it has been costed with complete accuracy	☐	☐
Check the file to ensure that customer payment has been received	☐	☐
Report any discrepancies in costs quoted to the customer and actual cost of ticket and take any follow-up action required to collect any shortfall	☐	☐

Did the candidate	Yes	No
Element 4: Process air travel documentation		
Record all details on air documents according to the relevant airfare information and regulations governing the issuance of the ticket	☐	☐
Process coupons in accordance with host enterprise, regulatory and billing and settlement plan procedures	☐	☐
Process any required refunds in accordance with host enterprise, regulatory and billing and settlement plan procedures	☐	☐
Dispatch tickets in a timely manner and according to host enterprise procedures	☐	☐
Did the student's overall performance meet the standard?	☐	☐
